Setswana Paper 2 Grade 2014:

Handbook of Literacy in Africa R. Malatesha Joshi, Catherine A. McBride, Bestern Kaani, Gad Elbeheri, 2023-07-28 This volume highlights the shortcomings concerning literacy development in Africa and collates the current available literature based on empirical research in various countries in a coherent manner Further emphasized is how the current research can guide practical information to improve the literacy situation in Africa The research studies will encompass various fields such as linguistics neurosciences and education and will provide future research directions and instructional recommendations to improve the literacy situation in Africa **African Literature, Mother Earth and Religion** Enna Sukutai

Gudhlanga, 2022-03-15 This book is a collection of essays that explore the intersection of Earth Gender and Religion in African literary texts It examines cultural religious theological and philosophical traditions and their construction of perspectives and attitudes about Earth keeping and gender This publication is critical given the current global environmental crisis and its impact on African and global communities The book is multidisciplinary in approach literary environmental theological and sociological exploring the intersection of African creative work religion and the environment in their construction of Earth and gender It presents how the gendered interconnectedness of the natural environment with its broad spirituality and deep identification with the woman features prominently in the myths folklores legends rituals sacred songs and incantations that are explored in this collection Both male and female writers in the collection laud and accept woman s enduring motif as worker symbol and guardian of the environment This interconnectedness mirrors the importance of the environment for the survival of both human and non human components of Mother Earth The ideology of women s agency is emphasised and reinforced by ecofeminist theologians namely those viewing African women as active agents working closely with the environment and not as subordinates In the context of the environmental crisis the nurturing role of women should be bolstered and the rich African traditions that conserved the environment preserved The book advocates the re engagement of women particularly their knowledge and conservation techniques and how these can become reservoirs of dying traditions This volume offers recorded traditions in African literary texts thereby connecting gender religion and the environment and helpful perspectives in Earth keeping **The Oxford Guide to the Bantu Languages** Lutz Marten, Ellen Hurst-Harosh, Nancy C. Kula, Jochen Zeller, 2025-08-19

This volume brings together leading scholars from Africa Europe the Americas and beyond to provide a detailed account of the languages of the Bantu family which cover an area from Cameroon and Kenya in the north to South Africa in the south The Bantu family is part of the Niger Congo phylum and one of the world s biggest language groups comprising around 500 languages The family includes major languages with large numbers of speakers such as Zulu Kinyarwanda and Swahili the most widely spoken and taught African language as well as many community languages and several endangered languages Bantu languages feature prominently in the complex and multilingual language ecologies that are characteristic of the linguistic situation in much of Africa and they provide rich

evidence for the study of theoretical and comparative linguistics language contact and language change They play an important role in education commerce culture and artistic expression in the media and public discourse in governance and social justice and are central to the future of the continent and the well being of its communities The first part of The Oxford Guide to the Bantu Languages provides background and context with chapters exploring the history of research in the field language and prehistory in Bantu speaking Africa and typology and variation Chapters in the second part offer broad comparative overviews of Bantu phonology morphology syntax semantics and pragmatics socio and applied linguistics before Parts III VII cover more specific topics in Bantu linguistics across a variety of subfields ranging from structural issues such as the augment and melodic tone to historical and sociolinguistic topics such as Bantu languages in the diaspora and language policy and standardization The chapters in the final part offer individual structural overviews of a range of languages from across the Bantu speaking area The book will be an essential resource for students and researchers specializing in the Bantu languages and for typologists and comparative linguists more broadly

South Africa's Insurgent Citizens Doctor Julian Brown, 2015-07-15 Twenty years on from South Africa's first democratic election the post apartheid political order is more fractured and more fractious than ever before Police violence seems the order of the day whether in response to a protest in Ficksburg or a public meeting outside a mine in Marikana For many this has signalled the end of the South African dream Politics they declare is the preserve of the corrupt the self interested the incompetent and the violent They are wrong Julian Brown argues that a new kind of politics can be seen on the streets and in the courtrooms of the country This politics is made by a new kind of citizen one that is neither respectful nor passive but instead insurgent The collapse of the dream of a consensus politics is not a cause for despair South Africa's political order is fractured and in its cracks new forms of activity new leaders and new movements are emerging

The Conjoint/Disjoint Alternation in Bantu Jenneke van der Wal, Larry M. Hyman, 2016-12-19 This volume brings together descriptions and analyses of the conjoint disjoint alternation a typologically significant phenomenon found in many Bantu languages The chapters provide in depth documentation comparative studies and theoretical analyses of the alternation from a range of Bantu languages showing its crosslinguistic variation in constituent structure morphology prosody and information structure

Animacy in Cognition: Effects, Mechanisms, and Theories Michael J. Serra, Josefa N. S. Pandeirada, Joshua VanArsdall, 2024-11-19 People and animals broadly animates are important dynamic forces in the natural world They represent social targets such as friends and enemies economic and romantic partners predators and prey and companions Most importantly unlike inanimate objects animate agents have internal goals and drives that cause them to act on the world rather than simply be acted on In short animates fill our world with novel causes and have been a consistent selection pressure over the course of evolution human and nonhuman Cognitive scientists have long acknowledged the importance of animacy investigating it as a perceptual phenomenon as a component of language a natural category a demand on attention a dimension of neurological organization and more recently as an important factor in memory Although animacy has been a dimension of interest in cognitive science for quite some time cognitive scientists from different subdisciplines interested in animacy e g perception attention language and memory rarely talk with one another to synthesize findings across subfields A major goal of this research topic is to solicit articles from across cognitive science in a broad sense that investigate the role that animacy plays in cognition in the hopes that authors and readers may begin to see the bigger picture regarding how animacy influences the mind We hope that by bringing together researchers from across cognitive science we will hear from a diverse set of perspectives regarding animacy representing a variety of research questions and methodologies within this larger topic Likewise we hope that the finished research topic will lead to an increased and more varied exploration of the role of animacy in our thoughts and actions and will appeal to readers across fields
