Making the Great Book of Songs Hilary Kilpatrick, 2003 This is the first systematic literary study of one of the masterpieces of classical Arabic literature the fourth tenth century Kit b al agh n The Book of Songs by Ab I Faraj al Isbah n Until now the twenty four volume Book of Songs has been regarded as a rather chaotic but priceless mine of information about classical Arabic music literature and culture This book approaches it as a work of literature in its own right with its own internal logic and coherence The study also consistently integrates the musical component into the analysis and proposes a reading of the work in which individual anecdotes and poems are related to the wider context enhancing their meaning
