Severed A History Of Heads Lost And Heads Found:

Severed: A History of Heads Lost and Heads Found Frances Larson, 2014-11-17 A wide ranging and thoughtful Wall Street Journal exploration of the varied obsessions that the civilized West has had with decapitated heads and skulls The human head is exceptional It accommodates four of our five senses encases the brain and boasts the most expressive set of muscles in the body It is our most distinctive attribute and connects our inner selves to the outer world Yet there is a dark side to the head's preeminence one that has in the course of human history manifested itself in everything from decapitation to headhunting So explains anthropologist Frances Larson in this fascinating history of decapitated human heads From the Western collectors whose demand for shrunken heads spurred massacres to Second World War soldiers who sent the remains of the Japanese home to their girlfriends from Madame Tussaud modeling the guillotined head of Robespierre to Damien Hirst photographing decapitated heads in city morgues from grave robbing phrenologists to skull obsessed scientists Larson explores our macabre fixation with severed heads

Global Corpse Politics Jessica Auchter, 2021-10-07 Taboos have long been considered key examples of norms in global politics with important strategic effects Auchter focuses on how obscenity functions as a regulatory norm by focusing on dead body images Obscenity matters precisely because it is applied inconsistently across multiple cases Examining empirical cases including ISIS beheadings the death of Muammar Qaddafi Syrian torture victims and the fake death images of Osama bin Laden this book offers a rich theoretical explanation of the process by which the taboo surrounding dead body images is transgressed and upheld through mechanisms including trigger warnings and media framings This corpse politics sheds light on political communities and the structures in place that preserve them including the taboos that regulate purported obscene images Auchter questions the notion that the key debate at play in visual politics related to the dead body image is whether to display or not to display and instead narrates various degrees of visibility invisibility and hyper visibility **Museum**

discussed They propose new approaches and raise novel questions for how we might critically think about this urgent issue within contemporary culture *Haunted Europe* Evert Jan Van Leeuwen, Michael Newton, 2019-07-08 *Haunted Europe* offers the first comprehensive account of the British and Irish fascination with a Gothic vision of continental Europe tracing its effect on British intellectual life from the birth of the Gothic novel to the eve of Brexit and the symbolic recalibration of the UK's relationship to mainland Europe By focusing on the development of the relationship between Britain and Ireland and continental Europe over more than two hundred years this collection marks an important departure from standard literary critical narratives which have tended to focus on a narrow time period and have missed continuities and

discontinuities in our ongoing relationship with the mainland ***Atlantic Piracy in the Early Nineteenth Century*** Sarah Craze, 2022 Skilfully uses this notorious episode to illuminate the nature and extent of piracy in the period The pirate attack on the British brig *Morning Star* en route from Ceylon to London near Ascension Island in 1828 was one of the most shocking episodes of piracy in the nineteenth century Although the captain and many members of the crew were murdered by the pirates led by the notorious Benito de Soto some survived escaped and sailed the ship back to Britain This book based on extensive original research in Britain Spain and Brazil retells the story of the *Morning Star* provides much new detail and corrects errors present in the many contemporary accounts of the attack It sets the attack in the wider context of piracy in the period and discusses many issues which the episode highlights how pirates careers began and developed how they were pursued and tried often with difficulty what became of their treasure how stories of the attack and of the survivors were sensationalised how the women passengers on the ship endured their ordeal at the hands of the pirates and then back in Britain had to endure potential loss of their reputations *A Philosophical Exploration of the Humanities and Social*

Sciences Giorgio Baruchello, Ársæll Már Arnarsson, 2022-11-07 Humor has been praised by philosophers and poets as a balm to soothe the sorrows that outrageous fortune's slings and arrows cause inevitably if not incessantly to each and every one of us In mundane life having a sense of humor is seen not only as a positive trait of character but as a social prerequisite without which a person's career and mating prospects are severely diminished if not annihilated However humor is much more than this and so much else In particular humor can accompany cruelty inform it sustain it and exemplify it Therefore in this book we provide a comprehensive reasoned exploration of the vast literature on the concepts of humor and cruelty as these have been tackled in Western philosophy humanities and social sciences especially psychology Also the apparent cacophony of extant interpretations of these two concepts is explained as the inevitable and even useful result of the polysemy inherent to all common sense concepts in line with the understanding of concepts developed by M Polanyi in the 20th century Thus a thorough nuanced grasp of their complex mutual relationship is established and many platitudes affecting today's received views and scholarship are cast aside Like Aristotle and Dewey Arnarsson and Baruchello do not define their terms at the outset but instead they relentlessly pursue the meanings of two ordinary words that everyone

vaguely understads to arrive at a critical insight into the concepts these words represent which are both disparate and interrelated Richard Marc Rubin President George Santayana Society **India In Edinburgh** Roger Jeffery,2019-06-28
