The Army Medical Department, 1917-1941 (Paperback) Mary C. Gillett, 2009-11-23 CMH 30 10 1 Army Historical Series Provides a long needed in depth analysis of the Army Medical Department s struggle to maintain the health and fighting ability of the nation s soldiers during both World War 1 a conflict of unexpected proportions and violence and the years that preceded World War 2

The Army Medical Department, 1917-1941 Mary C. Gillett, 2009 From the Book s Foreword Long awaited Mary C Gillett s final work The Army Medical Department 1917 1941 complete her four volume study covering the years from 1775 to 1941 Although the Medical Department had improved medical standards and practices because of the latest advances in scientific medicine and was making significant progress toward creating an organizational structure and a supply system able to handle the demands of a conflict of any size its reserves of trained personnel and supplies were seriously inadequate when the nation entered world War I in the spring of 1917 The narrative first describes the struggle of an unprepared department to meet the myriad demands of a war unprecedented size and complexity then follows postwar efforts to meet the needs of the peacetime army during nearly two decades of continental isolationism and budgetary neglect and finally covers the brief period of growing awareness of America s involvement in another major conflict and the intensive preparation efforts that ensued

Disabled Children and Young People in Sport, Physical Activity and Physical Education Anthony J. Maher, Justin A. Haeghele, 2024-11-28 This book presents research on disabled children and young people in sport physical activity and physical education settings using empirical data gathered either with or from disabled children and young people centring their experiences and amplifying their voices while decentralising non disabled voices in research about them Much of the albeit limited research

relating to disabled children and young people in sport physical activity and physical education settings is from the perspective of teachers school leaders coaches support assistants and special educational needs coordinators While this research has undoubtedly contributed to developing a rich tapestry of knowledge about disability and sport physical activity and physical education the views and experiences of disabled children and young people are conspicuous by their absence Thus in this book contributors showcase research that centres on the experiences and amplifies the voices of disabled children and young people When reading these articles readers are encouraged to reflexively consider the ways and extent to which their own research and practice endeavours to include empower and emancipate disabled children and young people Contributors hope that this book will encourage sport physical activity and physical education scholars especially those who do not research disability to consider the significance of including disabled people as active participants in more general research studies This book will be an essential reading for those who want to learn more about involving disabled children and young people in research centring their experiences and amplifying their voices in sport physical activity and physical education as part of the multi stakeholder approach advocated by Vickerman and Maher 2018 It was originally published as a special issue of Sport Education and Society
