Relația de cuplu, de la ridicol la sublim Doru Cica,Editura Stylished,2019-01-01 Cartea

reprezintă o radiografie a interrelațiilor umane de la începuturi și până în prezent din perspectiva a cinci premise diferite: premisa ancestrală, premisa sexuală, premisa socială, premisa culturală și premisa familială. Premisa karmică și premisa gay. Analizând diferite tipuri de relații și efectele lor asupra celor doi parteneri și a vieții lor comune, cartea surprinde o imagine inedită a cuplului oferind cheia înțelegerii celor mai des întâlnite probleme și dificultăți cu care Adam și Eva se confruntă în drumul lor către armonizarea reciprocă. Așa cum ne obișnuim deja, autorul tratează o tematică serioasă într-un ton destins, care ne smulge zâmbete pe ici ba, chiar ne amuză copios pe colorați spânzurați și unora dintre cei care macină specia umană de când lumea și până în prezent.

Antrenamente spirituale Doru Cica, Editura Stylished, 2019-01-01 Această carte s-a născut ca o antologie a tuturor temelor de interes abordate în emisiunile TV pe care le-am realizat în ultimul an și prin intermediul cărora am ajuns în casele și în inimile dumneavoastră. Tău, asta pentru că voi am simțit ele vibrând dincolo de micile ecrane, năsetate de cunoaștere și gata să pornească pe drumul autocunoașterii și elevării. E timpul să adăruș trecem la treburile și să începem antrenamentele spirituale. Ucenicia este grea, dar este și cea mai frumoasă etapă a devenirii și transformării carbonului în diamant. Iar dacă la aceste emisiuni mă am sau am fost cenzurat din motive de reguli ale audiovizualului, în carte am scris TOT. Veți găsi să adăruș paginile ei răspușuri la multe dintre întrebările pe care le-ați avut în tot acest timp. Vă mulțumesc că ați luat o nă palmă amprentă dumneavoastră energetică și va ajunge la mine ca și hrană spirituală.

Multidimensional Healing Carrie Cameron, 2007-05-03 My undergraduate training has been in the field of Physical Therapy but like many of you I have been participating in the school of life much longer. As you incorporate the basic techniques included in this book into whatever your current healing practice is, hopefully you too will experience the reward and joy of watching people change and heal themselves as I have. Following are the basic principles that have emerged for me through the years. Our bodies are all one piece and what affects any part of it affects the whole. All layers of the body must be released to allow for full release of the whole body. As parts of the body release and physical mobility changes, mental and emotional agility increases. To maintain these changes, the central nervous system has to realize the new possibilities for movement and incorporate them into natural motor patterns. To maintain the physical changes and new natural motor patterns, the energetic body must change to reflect the physical changes. As parts of the body release energy, releases and flows more freely throughout the entire body. As energy releases, memories emerge for integration into consciousness and subsequent healing of past traumas. As physical and energetic changes occur, belief systems shift. As individuals' belief systems shift, societal paradigms shift. This is a wholistic model that I am calling MultiDimensional Healing. Come join me on this exciting journey of discovering your unlimited potential for facilitating healing for yourself, your clients, your community, the world. Respectfully submitted, Carrie Cameron.
