The author, a long-time storytime facilitator, has put together 52 weekly themes plus additional plans for holidays, all with detailed instructions for talking about the theme and choosing the books, crafts, songs, poems, games, and snacks. Each storytime idea is illustrated with photographs of a suggested craft and snack for easy reference. Options are provided for each storytime so the ideas can be used year after year.

**Genealogy of American Finance** Robert E. Wright, Richard Sylla, 2015-03-17 In this unique, well-illustrated book, readers learn how fifty financial corporations came to dominate the U.S. banking system and their impact on the nation's political, social, and economic growth. A story that spans more than two centuries of war, crisis, and opportunity, this account reminds readers that American banking was never a fixed enterprise but has evolved in tandem with the country. More than 225 years have passed since Alexander Hamilton created one of the nation's first commercial banks. Over time, these institutions have changed hands, names, and locations, reflecting a wave of mergers, acquisitions, and other restructuring efforts that echo changes in American finance. Some names, such as Bank of America and Wells Fargo, will be familiar to readers. The origins of others, including Zions Bancorporation, founded by Brigham Young and owned by the Mormon Church until 1960, are surprising. Exploring why some banks failed and others thrived, this book wonders in light of the 2008 financial crisis whether recent consolidations have reached or even exceeded economically rational limits. A key text for navigating the complex terrain of American finance, this volume draws a fascinating family tree for projecting the financial future of a nation.

**RSPB Spotlight Woodpeckers** Gerard Gorman, 2018-10-04 Woodpeckers are fascinating birds, filling our forests with their unmistakable drumming and capturing our imaginations with their incredible ability to drill holes in trees and their bright, colourful plumage. Three species of woodpecker are resident in the UK: the Green Woodpecker, often seen on lawns and in fields; the Great Spotted Woodpecker, a frequent visitor at garden bird feeders; and the tiny Lesser Spotted Woodpecker, sadly now in decline. The Wryneck, which twists its neck like a snake when threatened, also passes through the UK on its yearly migration and has captivated people throughout the ages. Gerard Gorman provides a close-up look at the lives of these birds, from their anatomy, diet, and nesting habits to their iconic drumming behaviour. He also explores the relationship that humans have enjoyed with woodpeckers for centuries in folklore, myth, and conservation, and gives tips on how to observe these wonderful birds in the wild. The Spotlight series introduces readers to the lives and behaviour of our favourite animals with eye-catching colour photographs and informative expert text.
