Sharing and Hiding Religious Knowledge in Early Judaism, Christianity, and Islam Mladen Popović, Lautaro Roig Lanzillotta, Clare Wilde, 2018-08-21 Few studies focus on the modes of knowledge transmission or concealment or the trends of continuity or change from the Ancient to the Late Antique worlds In Antiquity knowledge was cherished as a scarce good cultivated through the close teacher student relationship and often preserved in the closed circle of the initiated From Assyrian and Babylonian cuneiform texts to a Shi'ite Islamic tradition this volume explores how and why knowledge was shared or concealed by diverse communities in a range of Ancient and Late Antique cultural contexts From caves by the Dead Sea to Alexandria both normative and heterodox approaches to knowledge in Jewish Christian and Muslim communities are explored Biblical and quranic passages as well as gnostic rabbinic and esoteric Islamic approaches are discussed In this volume a range of scholars from Assyrian studies to Jewish Christian and Islamic studies examine diverse approaches to and modes of knowledge transmission and concealment shedding new light on both the interconnectedness as well as the unique aspects of the monotheistic faiths and their relationship to the ancient civilisations of the Fertile Crescent **Grammar**

Inquiries, Grades 6-12 Sean Roday, 2023-12-22 In this book grammar expert Sean Roday shows you how to apply the principles of inquiry based learning to improve your grammar instruction Grammar often gets relegated to worksheets or rote tasks but with this volume you'll find a wealth of strategies and tools for making grammar instruction engaging and meaningful Designed for middle and high school ELA teachers this book covers all aspects of grammar instruction through an asset based approach and includes many methods ideas and takeaways for instruction Featuring real world examples of student work and a sample lesson plan this is an essential resource for teachers who wish to enliven instruction and teach grammar effectively **The Communication Effect** Jeff Zwiers, 2019-10-21 The communication effect is what happens

when we saturate our classrooms with authentic communication which occurs when students use language to build up ideas and do meaningful things For starters authentic communication deepens and increases language development learning of content concepts and skills rigor and engagement empathy and understanding of others perspectives agency and ownership of core ideas across disciplines and social and emotional skills for building strong relationships And these are just the starters With *The Communication Effect* Dr Jeff Zwiers challenges teachers in Grades 3 and up to focus less on breadth and more on depth by grounding instruction and assessment in authentic rather than pseudo communication This book provides Ideas for cultivating classroom cultures in which authentic communication thrives Clear descriptions and examples of the three features of authentic communication 1 building up key ideas claims and concepts 2 clarifying terms and supporting ideas and 3 creating and filling information gaps Over 175 suggestions for using the three features of authentic communication to enhance twenty commonly used instructional activities across disciplines Additional examples of not so commonly used activities that embody the three features Suggestions for improving four different types of teacher creativity

needed to design effective lessons activities and assessments that maximize authentic communication Our students deserve to get the most out of each minute of each lesson Authentic communication can help As you read The Communication Effect and apply its ideas you will see how much better equipped and inspired your students are to grow into the amazing and gifted people that they were meant to become

Science Cultures in a Diverse World: Knowing, Sharing, Caring

Bernard Schiele,Xuan Liu,Martin W. Bauer,2021-09-13 Science and technology culture is now more than ever at the very heart of the social project and all countries to varying degrees participate in it raising scientific literacy improving the image of the sciences involving the public in debates and encouraging the young to pursue careers in the sciences Thus the very destiny of any society is now entwined with its ability to develop a genuine science and technology culture accessible for participation not only to the few who by virtue of their training or trade work in the science and technology fields but to all thereby creating occasions for society to debate and to foster a positive dialogue about the directions of change and future choices This book organized on the theme of knowing sharing caring new insights for a diverse world which was derived from the observation that globalization rests upon diversity diversity of contexts publics research strategies and new innovating practices and aims to stimulate exchanges discussions and debates to initiate a reflection conducive to decentring and to be an opportunity for enrichment by providing the reader with means to achieve the potentialities of that diversity through a comparison of the visions that underpin the attitudes of social actors the challenges they perceive and the potential solutions they consider Thus this book aims first and foremost to raise questions in such a manner that readers so stimulated will feel compelled to contribute and will do so In this spirit however significant the results presented and shared are less important than the questions they seek to answer How are we to rethink the diffusion the propagation and the sharing of scientific thought and knowledge in an ever more complex and diverse world What to know What to share How do we do it when science is broken down across the whole spectrum of the world s diversity The book is recommended for those who are interested in science communication and science cultures in the new media era in contemporary social dynamics and in the evolution of the role of the state and of institutions It is also an excellent reference for researchers engaging in science communication public understanding of science cultural studies science and technology museum science society relationship and other fields of humanities and social sciences
