Pattern and Shape Kurt F. Rowland, 1964 This book hopes to encourage people to examine the shapes and patterns which form the background of human life **A Pocket Guide to Sharks of the World** David A. Ebert, Marc Dando, Sarah Fowler, 2021-08-24 Sharks are some of the most misunderstood animals on the planet We still have a lot to learn about these fascinating creatures which are more seriously threatened with extinction and in greater need of conservation and management than any other major group of vertebrates A Pocket Guide to Sharks of the World is the only field guide to identify illustrate and describe every known shark species Its compact format makes it handy for many situations including recognizing living species fishery catches or parts sold at markets This expanded second edition presents lavish images details on newly discovered species and updated text throughout The book contains useful sections on identifying shark teeth and the shark fins most commonly encountered in the fin trade and takes a look at shark biology ecology and conservation A Pocket Guide to Sharks of the World will be an essential resource and definitive reference for years to come Back cover
