*Revelation* John R. Yeatts,2003-03-25 The message of Revelation speaks to Christians for all times and historically has especially encouraged persecuted groups Today Christians in many parts of the world are also at opposition to the worldview of the time Revelation gives strength to those who are oppressed and John R Yeatts commentary attends to themes of martyrdom suffering service in the world hope the triumph of Christ and the role of the church in bearing witness to the triumphant Christ The commentary includes clear biblical commentary relationships between various portions of Scripture and applications drawn from the Anabaptist tradition and the larger Christian community *Taras Bulba and Other Tales* Nikolai Vasilievich Gogol,2016-01-06 INTRODUCTION Russian literature so full of enigmas contains no greater creative mystery than Nikolai Vasil evich Gogol 1809 1852 who has done for the Russian novel and Russian prose what Pushkin has done for Russian poetry Before these two men came Russian literature can hardly have been said to exist It was pompous and effete with pseudo classicism foreign influences were strong in the speech of the upper circles there was an over fondness for German French and English words Between them the two friends by force of their great genius cleared away the debris which made for sterility and erected in their stead a new structure out of living Russian words The spoken word born of the people gave soul and wing to literature only by coming to earth the native earth was it enabled to soar Coming up from Little Russia the Ukraine with Cossack blood in his veins Gogol injected his own healthy virus into an effete body blew his own virile spirit the spirit of his race into its nostrils and gave the Russian novel its direction to this very day More than that The nomad and romantic in him troubled and restless with Ukrainian myth legend and song impressed upon Russian literature faced with the realities of modern life a spirit titanic and in clash with its material and produced in the mastery of this every day material commonly called sordid a phantasmagoria intense with beauty A clue to all Russian realism may be found in a Russian critic s observation about Gogol Seldom has nature created a man so romantic in bent yet so masterly in portraying all that is unromantic in life But this statement does not cover the whole ground for it is easy to see in almost all of Gogol s work his free Cossack soul trying to break through the shell of sordid to day like some ancient demon essentially Dionysian So that his works true though they are to our life are at once a reproach a protest and a challenge ever calling for joy ancient joy that is no more with us *The Canterbury Tales with Other Poems* Geoffrey Chaucer,1870 ***Taras Bulba, and Other***
