Pricks And Pragmatism:

A Calling for Pleasure JL Merrow, 2013-06-24 If you summon this demon he's guaranteed to come. With a killer succubus leaving a trail of desiccated corpses Detective Lars Thornsson of the Paranormal Enforcement Agency knows he shouldn't be falling for a suspect. But a hot little piece of demon tail like Rael is impossible to resist. Slender, snake-hipped and dark-skinned, he swears he's innocent of murder. At least Rael is delighted when a summoning brings him up to Earth, filled as it is with hot guys walking around like an all-you-can-eat buffet. He's not so happy about the mean old detectives interrupting him halfway through his dinner, but he changes his mind after getting an eyeful of Lars's muscular Nordic charms. Now Rael has a vested interest in keeping Lars safe from the real killer, even if that means putting himself into the killer's path.

Damned If You Do: The Complete Collection JL Merrow, 2013-06-24 Some sins are worth the price. Sexy male succubus Rael has an insatiable appetite for men that gets him into all kinds of trouble. And he's just found his favorite flavor: hunky blond detective Lars Thornsson. When those cool Nordic looks combine with Rael's smoldering dark charms, all Hell could break loose. Lars's job at the Paranormal Enforcement Agency means he's supposed to be policing demons, not falling in lust or love with them. But there's something about this feisty little sex demon that hits all his buttons. With no shortage of deadly sinners in his city, from serial-killing succubi to drug-dealing demons, all Lars can do is try to keep his private life from interfering with his work. But Rael has a knack for getting mixed up in cases that threaten both their domestic harmony and their lives.

Counter Culture JL Merrow, 2019-11-04 Customer service has never been this personal. Robin Christopher, beleaguered retail worker, isn't having an easy November. His boss is raising stress levels planning a Black Friday to end all Black Fridays; his family doesn't understand him, and his best friend thinks his new crush is a hallucination brought on by watching too many episodes of Doctor Who. Archie Levine dresses in Victorian style and divides his time between caring for his young son and creating weird and wacky steampunk gadgets from bits of old junk when he's not looking after his mum and trying to keep on good terms with his ex. The last thing he's got time for is a relationship, but the flustered young man he met while disembowelling a fridge is proving very tempting. When his mum's social conscience is roused by a local store with a cavalier attitude to the homeless, former rough sleeper Archie shares her anger. Little does he know that Robin works for that same store. When Archie finds out he's sleeping with the enemy, things could get very rough indeed. To Love a Traitor JL Merrow, 2017-05-06 Wounds of the heart are the hardest to heal. Solicitor's clerk George Johnson has a secret goal when he moves into a London boarding house in the winter of 1920: to find out if his fellow lodger Matthew Connaught was the wartime traitor who cost George's adored older brother Hugh his life. Yet the more he gets to know his quarry, the more George loses sight of his mission and his heart. Blessed with boyish good looks and charm in abundance, old man Matthew is irrepressibly cheerful despite having lost an arm in the Great War, and soon makes plain his attraction to George. As George's feelings for Matthew grow, so does his

desperation to know the truth about what happened that day in Ypres Even if bringing all their secrets to light means he ll lose the man he s come to love

Pragmatism William James,2023-09-18T01:36:15Z Over the course of eight lectures originally delivered during the winter of 1906 and 1907 William James describes and defends the theory of pragmatism Expanding on the earlier works of John Dewey and F C S Schiller James begins by presenting two competing views of the universe The rational view treats everything as being derived from an absolute truth Typically this view is based on religious grounds and the theories need not bear any relation to the imperfect world in which we live James contends that this is not a useful world view as it is not applicable to our everyday lives On the other hand the empirical view considers as admissible only facts that have been materially verified This view while practical and useful neglects anything that cannot be measured It is fatalistic and often pessimistic reducing mankind to nothing more than an advanced animal James describes pragmatism as a middle ground between these two views Under a pragmatic approach statements are evaluated based on their practical effects Based on this criterion empirical facts are valuable as they have obvious connections to everyday concerns However religion or other more abstract principles can also be useful as they can be applied to guide decision making in the common case where material evidence or direct knowledge is lacking After defining pragmatism James applies it to metaphysical problems including the concepts of truth common sense and free will versus determinism Pragmatism was and remains an important philosophy In addition to Schiller and Dewey who applied a pragmatic approach to education and participatory democracy many prominent thinkers have been influenced by pragmatism including the sociologist W E B Du Bois This book is part of the Standard Ebooks project which produces free public domain ebooks
