

# An Analysis of Pride and Prejudice

8 pages | 1800 words

## Abstract

My courage always rises with every attempt to intimidate me. " Elizabeth Bennet, *Pride and Prejudice*. *Pride and Prejudice* dwells as a piece of literature which continues to go on captivating our hearts to this very day by its realistic portrayal of the then society, wit, humour and of course, love. Having graced the pages and charming readers, it has also set its foot into the visual world of art, catering to a further larger audience, enchanting the cine goers as well. This research article is an analysis of *Pride and Prejudice* and its cinematic adaptation with respect to the similarities and differences between them regarding the theme, setting, characters, and plot, along with examining it through the lens of the literary and adaptation theories and criticisms, while exploring the limitations and advantages of both the mediums, keeping in mind that film adaptations have been a boon to some people, while being a source of discontentment for the others. In *A Theory of Adaptation*, Linda Hutcheon, defines an adaptation as an extended, deliberate, announced revisitation of a particular work of art does manage to provide some limits: short intertextual allusions to other works or bits of sampled music would not be included. (Hutcheon, 170). Deborah Cartmell, in her beautiful introduction of *A Companion to Literature, Film and Adaptation* explains to us how new technology has always been greeted with suspicion. She gave the example of Plato who expressed horror over the invention of writing in the fear that it would destroy the art of memory. Today the words memory and writing could be replaced with literature and film insofar as writers and literary critics, from the very beginning of film history, were deeply suspicious of cinema, especially adaptations of literary works. But she adds that though Plato's fears may have come true, most would agree that it was a price worth paying. Besides, Scepticism often follows innovation: photography could be the ruination of painting; the car of the horse; and the film of the book.

## THEORIES

Michael Klein and Gillian Parker discuss adaptation theories in *The English Novel and the Movies*, (NY: Ungar, 1981). They see three types of adaptation:

1. "most films of classic novels attempt to give the impression of being faithful, that is, literal, translations"
2. "retains the core of the structure of the narrative, while significantly re-interpreting, or in some cases de-constructing, the source text"
3. "regards the source merely as raw material, as simply the occasion for an original work"

Morris Beja in *Film and Literature*, (New York: Longman, 1977) sees two major "schools" of adaptation, and admits that they are oversimplified in his presentation:

1. The screenwriter believes that integrity of the original work be preserved, and therefore that it should not be tampered with and should in fact be uppermost in the adapter's mind.
2. The screenwriter believes that it's proper and in fact necessary to adapt the original work freely, in order to create -- in the different medium that is now being employed -- a new, different work of art with its own integrity.

Now it is a well-known fact that tension...

**Readings in Writing Courses** Richard C. Raymond,2010-12-01 As the title suggests this six chapter book responds to a question which in Western culture goes back to Plato Aristotle Cicero and Quintilian namely What should rhetoric teachers ask their students to read Primarily historical the first two chapters trace conflicting answers to the question above focusing on two constructive results of the debate the re invention of rhetoric and writing as a discipline a coherent and growing body of knowledge and as a result the emergence of independent departments of writing free from departments of English free therefore to develop their own curriculum and to manage their own budgets Additionally the second chapter examines two destructive consequences of this debate the ban of literature from writing courses where students might profitably study both and as a result the often painful departmental splits which not only separate former colleagues but also cramp the

pedagogy of those trained to teach both writing and literature More than a survey of key publications this chapter encourages readers to honor the discipline of rhetoric but to make a place for literature on their composition syllabi The next four chapters provide pedagogical support for these chief claims that literature can and should be taught in writing courses and that such readings need not distract students from the primary text their own writing On the contrary these readings motivate serious writing when students feel invited into a conversation on issues that touch their lives These pedagogical chapters then move entering professionals from the theoretical debate to the application of theory therefore the book would serve well professors of courses in composition theory particularly those who enjoy teaching the conflicts and preparing their graduate students to design assignments and courses that apply theories of learning reading and composing , Jane Austen: Bicentenary Essays John Halperin,1975-10-31 This book was first published in 1975 the bicentenary of Jane Austen s birth Though she has long been recognized as one of the major English novelists her reputation was established relatively late and has withstood periods of neglect and controversy The present volume brings together nineteen essays that marked the bicentenary and in doing so reflected the critical attitudes which some of the twentieth century s most influential scholars have entertained towards the novelist These essays range from nineteenth century reactions to the novels and to the novelist herself through twentieth century criticism of the individual novels to considerations of the novelist s reputation abroad This book will be of interest both to scholars and students of eighteenth and nineteenth century fiction and also to the general reader of Jane Austen s novels **The Little Red Writing Book** Mark Tredinnick,2006 A manual of good diction composition sentence craft paragraph design structure and planning this is a book on technique style craft and manners for everyone who writes and wants to do it better It is a guide to lively and readable writing *Language and Style* Dan McIntyre,Beatrix Busse,2020-09-03 Inspired by Exploring the Language of Poems Plays and Prose Mick Short s classic introduction to stylistics Language and Style represents the state of the art in literary stylistics and encompasses the full breadth of current research in the discipline Written by leading scholars in the field chapters cover a variety of methodological and analytical approaches from traditional qualitative analysis to more recent developments in cognitive and corpus stylistics Addressing the three key literary genres of poetry drama and narrative Language and Style is divided into carefully balanced sections Based on original research each chapter demonstrates a particular analytic technique and explains how this might be applied to a text from one of the literary genres Framed by helpful introductory material covering the foundational principles of stylistics the chapters act as practical exemplars of how to carry out stylistic analysis Comprehensive and engaging this invaluable resource is essential reading for anyone interested in stylistics *Jane Austen Among Women* Deborah Kaplan,1994-09 Originally published in 1992 In an age when genteel women wrote little more than personal letters how did Jane Austen manage to become a novelist Was she an isolated genius who rose to fame through sheer talent Did she draw strength from the support of her family or from women writers who went before her In Jane Austen

among Women Deborah Kaplan argues that these explanations are either misleading or insufficient Austen Kaplan contends participated actively in a women s culture that promoted female authority and achievement a culture that not only helped her become a novelist but also influenced her fiction      Papers of the Manchester Literary Club Manchester Literary Club,1902
