Mass Effect: Deception William C. Dietz, 2012-01-31 An all new adventure inspired by the award winning videogame from BioWare The universe is under siege Every fifty thousand years a race of sentient machines invades our galaxy to harvest all organic life forms They are the Reapers Two people who know the truth are desperately searching for a way to stop the cycle Navy admiral David Anderson and his partner Kahlee Sanders They have uncovered grisly evidence proving that the Reaper threat is real But in so doing they have exposed the machinations of Cerberus a secretive paramilitary organization and its mysterious leader the Illusive Man putting David and Kahlee in mortal danger for Cerberus will stop at nothing to protect its secrets But along the way they find an unlikely ally in Gillian Grayson a young woman with extraordinary powers Once the subject of horrifying scientific experiments Gillian is now free and beginning to

master her deadly abilities But after learning that Cerberus was responsible for the death of her father Gillian swears vengeance against the group and the Illusive Man threatening to unravel everything Kahlee and David are fighting for

Forthcoming Books Rose Army,2000      *Computer Games and Technical Communication* Jennifer deWinter,Ryan M. Moeller,2016-05-23 Taking as its point of departure the fundamental observation that games are both technical and symbolic this collection investigates the multiple intersections between the study of computer games and the discipline of technical and professional writing Divided into five parts Computer Games and Technical Communication engages with questions related to workplace communities and gamic simulations industry documentation manuals gameplay and ethics training testing and number crunching and the work of games and gamifying work In that computer games rely on a complex combination of written verbal visual algorithmic audio and kinesthetic means to convey information technical and professional writing scholars are uniquely poised to investigate the intersection between the technical and symbolic aspects of the computer game complex The contributors to this volume bring to bear the analytic tools of the field to interpret the roles of communication production and consumption in this increasingly ubiquitous technical and symbolic medium
