 Xbox 360 PlayStation 3 PC P 4 of cover American/Medieval Goes North Gillian R. Overing, Ulrike Wiethaus, 2019-10-07
 One of the great virtues of American Medieval Goes North is ist wide range of contributors with fascinatingly diverse
 relationships to the main terms of analysis There are academic scholars poets filmmakers tribal elders teachers at various
 levels there are Indigenous people people from settler colonial cultures expats immigrants Their analytic and imaginative
 encounters with the North catch at the intensely symbolic and political charge of that locus At a time when Medieval Studies
 cannot afford to ignore the period s popular uptake cannot continue with business as usual in the face of white supremacists
 brazen appropriations of the Middle Ages this volume points to new possibilities for grappling with the uneasy relationships
 between the American and the medieval Prof Carolyn Dinshaw New York University The Germanic Heroic Tradition in
Video Games Enrique Torres-Hergueta, 2025-10-03 This monograph examines the appropriation and ludification of the
 Germanic heroic tradition in video games as a digital medium a process that unfolds on the margins of official discourse
 about the early Middle Ages The project analyzes the adaptation of medieval material to the video game format through the
 use of Germanic epic motifs such as the configuration of the hero his conflict with the antagonist and the pursuit of fame and
 wealth derived from the medieval written sources that inspire them Using narratology the author evaluates the remediation
 of these narratives in video games as a playful digital and immersive experience **The Elder Scrolls IV** Peter Olafson, Erik

 section of the main quest Specific chapters on how to create your character and maximize your abilities and skills Over 300
