Prince Of The Blood:

Prince of the Blood Raymond E. Feist, 2007-12-18 Prince of the Blood is a work that explores strength and weakness hope and fear and what it means to be a man in a kingdom where peace is the most precious commodity of all If there were two more impetuous and carefree men in the Kingdom of the Isles they had yet to be found Twins Borric and Erland wore that mantle proudly much to the chagrin of their father Prince Arutha of Krondor But their blissful youth has come to an end Their uncle the King has produced no male children Bypassing himself Arutha names Borric the eldest twin by seconds the Royal Heir As his brother Erland will have his own great responsibilities to shoulder To drive home their future roles Arutha sends them as ambassadors to Kesh the most feared nation in the world Borric and Erland will be presented to the Queen of Kesh the single most powerful ruler in the known world at her Seventy fifth Jubilee Anniversary But they have not even left Krondor when an assassination attempt on Borric is thwarted Aware that he is being provoked into war Arutha does not rise to the bait His sons journey will not be deterred for nothing less than peace is riding on it Yet there is to be no peace for the young princes When their traveling party is ambushed Borric disappears and is presumed dead sending Erland into spirals of rage and grief as he is forced to navigate alone the court intrigues at Kesh But unbeknownst to anyone Borric lives and has escaped his captors In a strange land with a price on his head Borric must use all his wits and stamina to find his way back to his brother On separate paths the two men one a fugitive and one a future king make their journey toward maturity honor and duty For every step they take could sway the fragile peace of the land as those who crave war rally against them and become ever more daring

Prince of the Blood Raymond E. Feist, 1989 Updated and revised with new material for its 15th anniversary this special edition presents the novel with its sweeping imagination wonderfully drawn characters and dark intrigue as Feist always meant for it to be written Present Day Political Organization of China H.S. Brunnert, V.V. Hagelstrom, 2013-04-15 Originally published in 1910 this work presents a fascinating insight into the government and administration of the China of the day The period was one of immense change as China's leaders turned the nation towards modernity As student interpreters to the Imperial Russian Legation the authors had privileged access to the corridors of power and found themselves very much at the heart of the republican ferment that gripped the country **The Crown of the Blood** Gav Thorpe, 2010-09-28 ULLSAARD HAS CONQUERED THE KNOWN WORLD All have fallen before his armies Now it's time to take the long journey home back to the revered heart of the great Empire he had helped create for his distant masters But when he returns to the capital life there is so very different from what he had believed Could it be that everything he has fought for has conquered and killed for has been a lie File Under Epic Fantasy Conquering Armies A Vast Empire Temple Of Shadows Rebellion And War *A Prince of the Blood* James Payn, 1893 **Fire in the Blood** Erin M. Evans, 2014-10-14 Tiefling heroine Farideh returns to the Forgotten Realms game of thrones in this riveting fourth installment in the Brimstone Angels series Young warlock Farideh and her twin Havilar have ventured to the capital of the

Dressed to Rule John E. Vollmer,2007-10-15 Art takes many forms In this selection of Asian court attire dating from the Qing dynasty 1644 1911 the phrase you are what you wear resonates Vollmer journeys back to the thirteenth century Chinese Empire where ancestors of the ruling Manchu conquerors dressed fittingly These exquisite costumes remind us that royalty once set fashion standards the way that celebrities do today but that these garments also promoted distinct national and political messages that helped keep a ruling minority in power for nearly three centuries Dressed to Rule is a guide to the exhibit of the same name that appeared at the University of Alberta in 2007 Foreword by Janine Andrews

The Last Emperors Evelyn S. Rawski,1998-11-15 The Qing Dynasty 1644 1911 was the last and arguably the greatest of the conquest dynasties to rule China Its rulers Manchus from the north held power for three centuries despite major cultural and ideological differences with the Han majority In this book Evelyn Rawski offers a bold new interpretation of the remarkable success of this dynasty arguing that it derived not from the assimilation of the dominant Chinese culture as has previously been believed but rather from an artful synthesis of Manchu leadership styles with Han Chinese policies
