Prince Rupert The Last Cavalier:

Prince Rupert Earl Charles Spencer Spencer, 2007 Recounts the life and exploits of the general cavelier scientist and scholar from his childhood escape through Bohemian snows to his later life as a respected statesman Charles Spencer, 2008-05-29 King Charles s Pirate Prince To his fellow Royalists fighting for King Charles I Prince Rupert of the Rhine was the archetypal cavalier Young handsome expert horseman crack pistol shot his swaggering style irritated the stuffier of the king's courtiers almost as much as the Roundheads they were fighting To the parliamentarians above all Oliver Cromwell he was the ultimate malignant one of those Royalists who fought on even after Charles was executed in 1649 Rupert commanded the Royalist forces in exile at one point reduced to little more than pirates before the triumphant restoration of the monarchy in 1660 In Charles Spencer's thoroughly researched account Prince Rupert is revealed as more than just a great general and dashing cavalier He was a scientist and classical scholar too a true renaissance prince From his dramatic childhood escape through the snows of Bohemia to respected older statesman this is the first comprehensive biography of the greatest cavalier of them all The Palatine Family and the Thirty Years' War Thomas Pert, 2023-06-01 The Palatine Family and the Thirty Years War examines the experience of exiled royal and noble dynasties during the early modern period through a study of the rulers of the Electorate of the Palatinate during the Thirty Years War 1618 1648 By drawing on a wide range of archival source materials ranging from financial records printed manifestos and considerable quantities of diplomatic and personal correspondence it investigates the resources available to the exiled Palatine Family as well as their attempts to recover the lands and titles lost by Elector Frederick V the son in law of King James VI and I of England and Scotland in the opening stages of the Thirty Years War This work focuses on the years between Frederick s death in 1632 and the partial restoration of his son Charles Louis under the Peace of Westphalia in 1648 Although the Palatine Question remained one of the most divisive and important issues throughout the entire Thirty Years War the years 1632 1648 have been greatly overlooked in previous examinations of the Palatine Family's exile By considering the experiences of exiled elites in early modern Europe such as the relationship between the Palatine Family and the Stuart Dynasty this work will reveal the influence of dynastic and familial obligations on the high politics of the period as well as the importance of conspicuous display and diplomatic recognition for exiled regimes in seventeenth century Europe It will demonstrate that that dispossessed rulers and houses were not automatically rendered politically insignificant after losing their lands and titles and could actually remain an important player on the geo political stage of early modern Europe

Pepys S Navy J. D. Davies,2008-11-20 This new reference book describes every aspect the English navy in the second half of the seventeenth century from the time when the Fleet Royal was taken into Parliamentary control after the defeat of Charles I until the accession of William and Mary in 1689 when the long period of war with the Dutch came to an end This is a crucial era which witnessed the creation of a permanent naval service in essence the birth of the Royal Navy Every aspect

of the navy is covered naval administration ship types and shipbuilding naval recruitment and crews seamanship and gunnery shipboard life dockyards and bases the foreign navies of the period and the three major wars which were fought against the Dutch in the Channel and the North Sea Samuel Pepys whose thirty years of service did so much to replace the ad hoc processes of the past with systems for construction and administration is one of the most significant players and the navy which was by 1690 ready for the 100 years of global struggle with the French owed much to his tireless work This book is destined to become a major work for historians naval enthusiasts and indeed anyone with an interest in this colourful era of the seventeenth century Focus On: 100 Most Popular Knights of the Garter Wikipedia contributors, Daughters of Charles I Sarah-Beth Watkins, 2019-04-26 Mary Elizabeth and Henrietta Anne the daughters of King Charles I and his gueen Henrietta Maria would be brought up against the background of the English Civil War Mary would marry William Prince of Orange and be sent to live in the Netherlands Elizabeth would remain in England under Parliamentary control Henrietta Anne would escape to France and be the darling of the French Court Yet none of the Stuart princesses would live to reach thirty The Tragic Daughters of Charles I is their story Chronos Books presents the latest in a series of historical royal biographies by Sarah Beth Watkins author of Lady Katherine Knollys The Unacknowledged Daughter of King The Correspondence of Elizabeth Stuart, Queen of Bohemia, Volume II Queen Elizabeth (consort of Frederick Henry VIII I, King of Bohemia), 2011-09 The Correspondence of Elizabeth Stuart is the first complete edition of Elizabeth Stuart's letters ever published Volume II covers the years between 1632 and 1642 Elizabeth's life as a widow controlling the regency during her eldest son s minority and imprisonment **Elemental Ecocriticism** Jeffrey Jerome Cohen, Lowell Duckert, 2015-12-23 For centuries it was believed that all matter was composed of four elements earth air water and fire in promiscuous combination bound by love and pulled apart by strife Elemental theory offered a mode of understanding materiality that did not center the cosmos around the human Outgrown as a science the elements are now what we build our houses against Their renunciation has fostered only estrangement from the material world The essays collected in Elemental Ecocriticism show how elemental materiality precipitates new engagements with the ecological Here the classical elements reveal the vitality of supposedly inert substances mud water earth air chemical processes fire and natural phenomena as well as the promise in the abandoned and the unreal ether phlogiston spontaneous generation Decentering the human this volume provides important correctives to the idea of the material world as mere resource. Three response essays meditate on the connections of this collaborative project to the framing of modern day ecological concerns A renewed intimacy with the elemental holds the potential of a more dynamic environmental ethics and the possibility of a reinvigorated materialism

Elizabeth Stuart, Queen of Hearts Nadine Akkerman, 2021 Elizabeth Stuart is one the most misrepresented and underestimated figures of the seventeenth century This biography reveals the impact that she had on both England and Europe Bush Runner Mark Bourrie, 2019-04-02 WINNER OF THE 2020 RBC TAYLOR PRIZE Readers might well wonder

if Jonathan Swift at his edgiest has been at work RBC Taylor Prize Jury Citation A remarkable biography of an even more remarkable 17th century individual Beautifully written and endlessly thought provoking Maclean's Murderer Salesman Pirate Adventurer Cannibal Co founder of the Hudson's Bay Company Known to some as the first European to explore the upper Mississippi and widely as the namesake of ships and hotel chains Pierre Esprit Radisson is perhaps best described writes Mark Bourrie as an eager hustler with no known scruples Kidnapped by Mohawk warriors at the age of fifteen Radisson assimilated and was adopted by a powerful family only to escape to New York City after less than a year After being recaptured he defected from a raiding party to the Dutch and crossed the Atlantic to Holland thus beginning a lifetime of seized opportunities and frustrated ambitions A guest among First Nations communities French fur traders and royal courts witness to London's Great Plaque and Great Fire and unwitting agent of the Jesuits corporate espionage Radisson double crossed the English French Dutch and his adoptive Mohawk family alike found himself marooned by pirates in Spain and lived through shipwreck on the reefs of Venezuela His most lasting venture as an Artic fur trader led to the founding of the Hudson's Bay Company which operates today 350 years later as North America's oldest corporation Sourced from Radisson's journals which are the best first hand accounts of 17th century Canada Bush Runner tells the extraordinary true story of this protean 17th century figure a man more trading partner than colonizer a peddler of goods and not worldview and with it offers a fresh perspective on the world in which he lived Royalist Agents, Conspirators and Spies Geoffrey Smith, 2016-04-08 Between 1640 and 1660 the British Isles witnessed a power struggle between king and parliament of a scale and intensity never witnessed either before or since Although often characterised as a straight fight between royalists and parliamentarians recent scholarship has highlighted the complex and fluid nature of the conflict showing how it was waged on a variety of fronts military political cultural and religious at local national and international levels In a melting pot of competing loyalties shifting allegiances and varying military fortunes it is hardly surprising that agents conspirators and spies came to play key roles in shaping events and determining policies In this groundbreaking study the role of a fluctuating collection of loyal resourceful and courageous royalist agents is uncovered and examined By shifting the focus of attention from royal ministers councillors generals and senior courtiers to the agents who operated several rungs lower down in the hierarchy of the king's supporters a unique picture of the royalist cause is presented. The book depicts a world of feuds jealousies and rivalries that divided and disorganised the leadership of the king's party creating fluid and unpredictable conditions in which loyalties were frequently to individuals or factions rather than to any theoretical principle of allegiance to the crown Lacking the firm directing hand of a Walsingham or Thurloe the agents looked to patrons for protection employment and advancement Grounded on a wealth of primary source material this book cuts through a fog of deceit and secrecy to expose the murky world of seventeenth century espionage Written in a lively yet scholarly style it reveals much about the nature of the dynamics of the royalist cause about the role of the activists and why despite a long series of political

and military defeats royalism survived Simultaneously the book offers fascinating accounts of the remarkable activities of a number of very colourful individuals The English Civil War John Adamson, 2008-12-16 John Adamson provides a new synthesis of current research on the political crisis that engulfed England in the 1640s Drawing on new archival findings and challenging current orthodoxies these essays by leading historians offer a variety of original perspectives locating English events firmly within a three kingdoms context **Dictionary of World Biography** Barry Jones, 2025-01-06 Jones Barry Owen 1932 Australian politician writer and lawyer born in Geelong Educated at Melbourne High School and Melbourne University he was a public servant high school teacher television and radio performer university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972 77 and the Australian House of Representatives 1977 98 He took a leading role in reviving the Australian film industry and abolishing the death penalty in Australia and was the first politician to raise public awareness of global warming the post industrial society the IT revolution biotechnology the rise of the Third Age and the need to preserve Antarctica as a wilderness In the Hawke Government he was Minister for Science 1983 90 Prices and Consumer Affairs 1987 Small Business 1987 90 and Customs 1988 90 He became a member of the Executive Board of UNESCO Paris 1991 95 and National President of the Australian Labor Party 1992 2000 2005 06 He was Deputy Chairman of the Constitutional Convention 1998 His books include Decades of Decision 1860 1965 Joseph II 1968 Age of Apocalypse 1975 and Knowledge Courage Leadership Insights Reflections 2016 and he edited The Penalty Is Death 1968 revised and expanded 2022 His bestseller Sleepers Wake Technology and the Future of Work 1982 Fourth edition published in 1995 has been translated into Chinese Japanese Korean Swedish and braille Custer's Last Stand Brian W.
