

## The PRINCE2® Foundation Training Manual

Thank you for reading our PRINCE2 Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2® Foundation training manual. The idea for this book came from the questions I received from people trying to learn PRINCE2, and the fact that the official PRINCE2 manual "Managing Successful Projects with PRINCE2" is an excellent reference manual, but is not a training manual.

The official PRINCE2 Manual for the Project Manager can be rather difficult to pick up and read if you are new to both project management and PRINCE2. You acquire more from the official manual if you first understand the information in this training manual.

Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and is quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the Foundation Exam.

**Feedback:** We welcome any feedback (corrections or suggestions to improve). [Feedback](#)

**Warning:** If you want to pass the Foundation Exam without learning PRINCE2, then this book is not for you ☹
