Excerpt from The Handbook of Princeton Everyone who knows Princeton feels that it has an atmosphere and a spirit of its own and I suppose that the ideal introduction to a book of this sort would contain an analysis of that distinctive charm and character But long as I have felt that charm and acknowledged affectionate allegiance to Princeton I should despair of giving its character adequate interpretation The spirit of a place however distinctly felt is too subtle a thing to be caught in words It can be perceived only in its effects realized only in the life which it produces It is easy enough to state the ideals upon which the life of Princeton is based they are manifest to all who stand inside her walls the subtle thing which escapes analysis lies in the processes by which those ideals are sought in action At the heart of the influences which have made the place there undoubtedly lies the love of sound and liberal learning a very manly reverence and enthusiasm for those things which prepare the spirits of men for the tasks and fortunes of life making them quicker than their fellows to catch the outlooks of their journey and perceive the essential values of what falls in their way The average undergraduate carries himself with a careless freedom which has very little in it of the pose of the thoughtful student His love is for sport and good comradeship and the things that give zest to the common life of the campus You would not think him in passing a man who cared for books or learning About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Princeton University** Princeton University.
