PRINCIPLES OF INTERNATIONAL ECONOMIC LAW

THIRD EDITION

MATTHIAS HERDEGEN

Principles Of International Economic Law

Jerzy Makarczyk

Principles Of International Economic Law:

Principles of International Economic Law Matthias Herdegen, 2016-10-06 **Principles of International Economic Law** provides a comprehensive overview of the central topics in international economic law with an emphasis on the interplay between the different economic and political interests on both the international and domestic levels Following recent tendencies the book sets the classic topics of international economic law like WTO law investment protection commercial law and monetary law in context with aspects of human rights environmental protection and the legitimate claims of developing countries The book draws a concise picture of the architecture of international economic law with all its complexities without getting lost in fragmented details Providing a perfect introductory text to the field of international economic law the book thoroughly analyses legal developments within their wider political economic or social context Topics covered range from codes of conduct for multinational enterprises to the human rights implications of the exploitation of natural resources The book demonstrates the economic foundations and economic implications of legal frameworks It puts into profile the often complex relationship between on the one hand international standards on liberalization and economic rationality and on the other state sovereignty and national preferences It describes the new forms of economic cooperation which have developed in recent decades such as the growing number of transnational companies in the private sector and forms of cooperation between states such as the G8 or G20 This fully updated second edition covers new aspects and developments including the growing importance of corporate social responsibility mega regional agreements like CETA TTIP and TPP trade and investment related aspects of human rights law

Principles of International Economic Law, 3e Matthias Herdegen, Chair for Public European and International Law Director of the Institute for Public International Law Matthias Herdegen, 2024-07-04 Herdegen's **Principles of International Economic Law** has established itself as a leading textbook in the field This fully updated third edition covers areas of growing relevance in international economic law including corporate social responsibility challenges for WTO law the impact of human rights and environmental law and cryptocurrencies

Principles of a New International Economic Order Jerzy Makarczyk, 2024-12-02 [Principles of International Trade and Investment Law](#) Mitchell, Andrew D., Sheargold, Elizabeth, 2021-09-21 This essential book discusses a wide range of important legal principles such as procedural fairness and reasonableness in the context of international trade and investment law Using comparative methodology the authors examine how those principles are reflected in treaties and how they are employed by adjudicators resolving disputes

Principles of International Economic Law Matthias Herdegen, 2024-05-07 Herdegen's **Principles of International Economic Law** has established itself as a leading textbook in the field This fully updated third edition covers areas of growing relevance in international economic law including corporate social responsibility challenges for WTO law the impact of human rights and environmental law and cryptocurrencies

The Principles and Standards of International Economic Law Georg Schwarzenberger, 1966 **Principles of**

International Economic Law Matthias Herdegen, 2016 This fully updated new edition provides insight into the legal framework of international economic relations Comprising the law of the World Trade Organization investment law and international monetary law this book highlights the context of human rights good governance environmental protection and development

The Changing Structure of International Economic Laws Pieter VerLoren van Themaat, 1981-08-31 Study on changing structure of international law and economic legislation discusses definition historical background institutional framework role of international organizations comparative law and legal theory contributing to the debate on a new international economic order includes a literature survey and the text of the Charter of Economic Rights and Duties of States General Assembly Resolution No 3281

Introduction to International Economic Law F. M. Palombino, 2025

Introduction to International Economic Law Fulvio M. Palombino, 2025-05-27 International Economic Law IEL refers to the rules governing economic relations at the international level and involving States international organizations and private entities This textbook explores IEL within the broader context of public international law from the ground up providing all the foundational principles of international law essential for the study of IEL The first part of the book is devoted to the analysis of actors and sources of IEL while the second part focuses on the three main sectors of IEL international investment law the law of international trade as developed through the work of the World Trade Organization WTO and international financial and monetary law Through references to conventional rules landmark cases and decisions of international organizations Introduction to International Economic Law provides a clear and concise primer on the main issues in current IEL It will be an ideal textbook for students taking introductory courses in IEL as well as a useful guide for anyone wishing to learn about the subject and understand the dynamics behind it

Foundations of International Economic Law David Collins, 2019-12-27 This introductory textbook explores the key legal principles and institutions that underpin the global economy Featuring discussion of the economic rationale and social impact of the various legal regimes Professor David Collins explores the four main pillars in international economic law international trade international investment monetary relations and development

Foundations of International Economic Law David Collins, 2025-01-09 This second edition provides an updated exploration of the four main pillars in international economic law international trade international investment monetary relations and development David Collins has adapted all chapters to illustrate recent developments in the field and provides a thorough discussion of the economic rationale and social impact universal legal concepts

The International Economic Law Revolution and the Right to Regulate Joel P. Trachtman, 2006 A collection of 13 previously published articles

International Economic Organizations in the International Legal Process Sergei a Voitovich, 1994-12-08 Voitovich presents a clear and lucid discussion of the manner and form in which international economic organizations IEOs participate in two main stages of the international legal process law making and law implementation The book is based on normative instruments and fragments of practice of about fifty IEOs In order to ensure a proper and timely

realization of their normative acts IEOs exercise a number of law implementing functions which are subject to a thorough comparative examination The author concludes that existing IEOs not being ideal institutional models possess a sufficient arsenal of law implementing instruments to make a considerable impact on the international legal regulations in the economic field The book will be of interest to academics and economic political scientists *The Principle of National Treatment in International Economic Law* Anselm Kamperman Sanders, 2014-10-31 The principle of national treatment or the non discrimination clause is a principle that applies across many fields of international economic law This book offers a unique horizontal examination of the principle as it applies within international tr

Theory and Practice of International Economic Law Usman, Adamu Kyuka, 2017-05-19 This book is on international economic law and as such unavoidably examines international economic institutions which to some extent determine the content and character of international economic law the IMF the World Bank OECD OPEC the Paris and London Clubs of Creditors the G8 and G20 regional economic blocs and other economic institutions International economic law principles like the most favored nation principle national treatment standard rules of origin free trade foreign investment loans and sundry other issues are examined by the text showing how the interest of developed nations and international financial institutions sound through these legal issues The book interrogates international economic law than is commonly the case with mainstream texts on the subject

International Economic Law Philip Kunig, Niels Lau, Werner Meng, 1993 No detailed description available for International Economic Law

International Economic Law Leila Choukroune, James J. Nedumpara, 2021-07-22 Reconciling all fields of international economic law IEL and creating bridges between disciplines in a conceptual as well as practical manner this book stands out as the first modern comprehensive international economic law textbook Containing a technically solid yet critically rich body of knowledge that spans disciplines from trade law to investment from trade finance to fisheries subsidies from development to the digital economy and other new age topics the book offers the widest possible coverage of issues in current international economic law Positioning IEL as a truly global practice the comprehensive coverage includes various treaty texts landmark cases and new materials and is supplemented by case studies real life examples exercises and illustrations The case extracts and legal texts are selectively chosen with careful editing and serious deliberation to engage modern law students Mini chapters show examples of interdisciplinary interactions and provide a window into the future disciplines of international economic law

Principles of International Investment Law Rudolf Dolzer, Christoph Schreuer, 2012-11-15 This book outlines the principles behind the international law of foreign investment The main focus is on the law governed by bilateral and multilateral investment treaties It traces the purpose context and evolution of the clauses and provisions characteristic of contemporary investment treaties and analyses the case law interpreting the issues raised by standard clauses Particular consideration is given to broad treaty rules whose understanding in practice has mainly been shaped by their interpretation and application by international tribunals In

addition the book introduces the dispute settlement mechanisms for enforcing investment law outlining the operation of Investor vs State arbitration Combining a systematic analytical study of the texts and principles underlying investment law with a jurisprudential analysis of the case law arising in international tribunals this book offers an ideal introduction to the principles of international investment law and arbitration for students or practitioners alike **International Economic Law** Andreas F. Lowenfeld, 2003 As conflict and cooperation among states turn to an ever greater extent on economic issues this treatise presents a comprehensive exploration of the legal foundations of the international economy The subjects covered include the World Trade Organization and its antecedents dumping subsidies and other devices that alter the market the International Monetary System including the collapse of the Bretton Woods system the debt of the developing countries and the rise of the euro the law of transnational investment including changing perceptions of the rights of host states and multinational enterprises economicsanctions including embargoes and boycotts and the international aspects of competition law and of the law of the environment Professor Lowenfeld brings to his task a life time of practice and teaching experience to produce a book that will be of use to international lawyers and non specialists alike
