

The funds you establish are global, or available to any EPS node or project in your EPS hierarchy.

Use the arrows to change the placement of a selected fund in the hierarchy.

Specify your funding source, amount, and fund share percentage at the EPS or project level.

The fund share value is the portion of the total funded amount contributed by the funding source for the assignment. You can assign the same funding source multiple times with varying monetary amounts and share contributions for different levels of the EPS. You define both the amount and share values for the fund. Funds do not roll up; you edit them for each EPS level to allow for top-down planning. You can add a Total Funding column in the Projects window to display the sum of the funding for each project and EPS node.
