Princess Of Umpapa:

Princess of Umpapa Eva Ford, Donald Ashford, 2014-11-02 The tiny people of Umpapa were special people with goodness and love in their hearts Because of this the sun placed sunbeams in their dark hair to make it shine The moon gave their skin a special glow and the rainbow made their cheeks and lips rosy red. The stars put special starlight in the people's eyes so they could see at night All except Princess Jackgui who was spoiled unkind and rude to her subjects Because her father refused her special request for her birthday she ran away to make him pay Taking the wrong path Jackgui wound up deep in the forest of the dreaded Tree Spirits Can she find her way out with the help of a small grey mouse or will she become the next meal for a tree spirit Will Jackqui learn to be loving kind and giving like the rest of her people or will she stay the same rude unkind person she has always been What will happen to Jackgui **An Interpretive Guide to Operatic Arias** Martial Singher, 2015-09-22 A premier singer and master teacher here tells other singers how to get the most from 151 famous arias selected for their popularity or their greatness from 66 operas ranging in time and style from Christopher Gluck to Carlisle Floyd from Mozart to Menotti The most memorable thrills in an opera singer's life according to the author's Introduction may easily derive from the great arias in his or her repertoire This book continues the work Martial Singher has done in performances in concerts and in master classes and lessons by drawing attention not only to precise features of text notes and markings but also to psychological motivations and emotional impulses to laughter and tears to technical skills to strokes of genius and even here and there to variations from the original works that have proved to be fortunate For each aria the author gives the dramatic and musical context advice about interpretation and the lyric with the original language if it is not English and an idiomatic American English translation in parallel columns The major operatic traditions French German Italian Russian and American are represented as are the major voice types soprano mezzo soprano tenor baritone bass baritone and bass The dramatic context is not a mere summary of the plot but is a penetrating and often witty personality sketch of an operatic character in the midst of a situation. The musical context is presented with the dramatic situation in a cleverly integrated way Suggestions about interpretation often illustrated with musical notation and phonetic symbols are interspersed among the author's explication of the music and the action An overview of Martial Singher's approach based on fifty years of experience on stage in a hundred roles and in class at four leading conservatories is presented in his Introduction As the reader approaches each opera discussed in this book he or she experiences the feeling of participation in a rehearsal on stage under an urbane though demanding coach and director The Interpretive Guide will be of value to professional singers as a source of reference or renewed inspiration and a memory refresher to coaches for checking and broadening personal impressions to young singers and students for learning to teachers who have enjoyed less than a half century of experience and to opera broadcast listeners and telecast viewers who want to understand what goes into the sounds and sights that delight them Sam, the Hot Dog Man Carol Duracka, 2015-02-26 God why did you give me the

wrong father Thats the question Lynn asks about the purveyor of the finest Chicago style hot dogs that the city has ever known Routinely sheathed with absurdly darkened and unnaturally tough sun burnt skin from long hours spent outside Sam is impossible to understand While hes sometimes charming he drinks argues and can be downright mean Even so as Lynn looks back at her childhood she yearns to inhale the stark aroma of scorched red hots and spicy tamales her father habitually dressed and adored selling them by the hundreds every night And theres nothing she wouldnt pay to truly understand any one of her fathers exasperating secrets But money wont help Lynn unravel the mysteries surrounding Samshe can only do that by surrendering her painful relationship with her father to God Through that simple act shes finally able to understand love and forgive her father Filled with gut wrenching prose glorious scents and sounds and sights unique to Chicago the story of Sam is the ultimate tale of faith family and forgiveness *Year Book, Trotting and Pacing* United States Trotting Association, 1971
