COMMENTS ON Bush s legacy of support for Africa I was dismayed by the number of people who refused to believe that Bush had done more for Africa than any other US president notwithstanding testimonials I proffered from renowned crusaders for African development like Sir Bob Geldof and Bono to support this claim Oprah s school for African girls I applaud Oprah for founding this school for the same reason I applauded Madonna for adopting that African boy She is fulfilling a need which honors our shared humanity in a way that few of us can afford or are even conscientious enough to do Native Americans ethnically cleansing blacks from their tribes Indeed I do marvel at this curious thing that they would rather be condemned as racists for expelling blacks than be criticized as niggards for hoarding their gambling loot French President

Nicolas Sarkozy's love affair with the US Sarkozy displays a Blairite affinity for America that any self-respecting Frenchman must find particularly galling Bungled terrorist attacks in London and Glasgow Wannabe suicide bombers rammed their jeep packed with explosives into Glasgow Airport on Saturday morning shouting Allah Allah Allah no doubt hoping to go off in a blaze of glory for eternal assignments with their apocryphal 72 virgins Steroids in baseball In fact steroid use has flourished in baseball and other professional sports pursuant to an open conspiracy among players and team owners to feed the gladiatorial lust of fans who want to see bigger stronger and faster cyborgs perform for their atavistic enjoyment

**Darwin's Blade** Dan Simmons, 2013-09-10 Darwin Minor travels a dangerous road A Vietnam veteran turned reluctant expert on interpreting the wreckage of fatal accidents Darwin uses science and instinct to unravel the real causes of unnatural disasters He is very very good at his job His latest case promises to be his most challenging yet A spate of seemingly random high speed car accidents has struck the highways of southern California Each seems to have been staged yet the participants have all died Why would anyone commit fraud at the cost of his own life The deeper Darwin digs the closer he comes to unmasking an international network specializing in intimidation and murder whose members will do anything to make sure Darwin soon suffers a deadly accident of his own A literary thriller like no other A hard charging edge of the seat tale Milwaukee Journal Sentinel

**American Legacy** C. David Heymann, 2007-07-10 From the moment of their births John and Caroline Kennedy occupied a central position in what is generally regarded as the most famous family in the United States if not the world Even as young children growing up in the White House their most subtle gestures and actions made headlines Yet until now they have not been the subject of a dual biography In that sense this volume represents a first In American Legacy 1 New York Times bestselling author C David Heymann draws upon a voluminous archive of personal interviews to present a telling portrait of John and Caroline Kennedy A longtime biographer of various members of the Kennedy clan including Jackie and Robert Kennedy Heymann covers John's and Caroline's childhood in the White House the dark aftermath of their father's assassination their uneasy adolescence and the many challenges they faced as adults all under the glaring eye of the media He reveals John's and Caroline's loving but at times trying relationship with their larger than life mother as well as Jackie's own emotional struggles romantic relationships and financial concerns following JFK's death Other revelations brought to light for the first time in American Legacy include the assassination attempt made on Jackie just before she gave birth to John JFK Jr's romantic escapades prior to marrying Carolyn Bessette and accounts of the predominantly happy marriage they shared despite criticisms from questionable sources the shocking report of the autopsy performed on John following the tragic plane crash that killed him Carolyn and her sister Lauren Caroline's rise to become one of the wealthiest women in America and her life now as the sole keeper of her family's magnificently complex legacy Utterly compelling and full of new and fascinating details American Legacy overturns much of what we thought we knew about two of the most talked about members of the Kennedy family
