Macro Mayhem Michael Walden, M. Whitman Walden, 2006 Dr Lydia Dia Fenner is a newly minted PhD in economics who takes her first job with the U S Treasury Department Her assignment is to design policies to get the economy out of its slump before the next election But when the policies Dia recommends are implemented they don't work Something underhanded is going on that wasn't covered in her Ivy League education Dia enters a race against time as

she tries to determine who or what is trying to sabotage the economy Along the way she must contend with a vengeful ex boyfriend an arrogant boss an ambitious senator and a mysterious yet attractive colleague The action spans the halls of power in Washington D C to the rolling hills of rural Virginia as Dia attempts to unravel the plot against the troubled economy Will she succeed or will she too become a target and a victim Macro Mayhem supplies the double punch of an entertaining story with insight into how the macroeconomy works Economics also known as the dismal science has never been as much fun or as dangerous as in this fast paced thriller of financial intrigue *Publishers' circular and booksellers' record* ,1899 **Corporate Finance** Pasquale De Luca,2022-12-15 This book on corporate finance systemically integrates firms approach toward the market the value fundamentals of investors and the pricing dynamics of financial markets The reader is first introduced to an illustration and analysis of some of the main models used in corporate finance and in asset pricing The text moves to define the core analysis and valuation techniques to demonstrate how integrating the fields of corporate finance and asset pricing allows us to make comprehensive and precise valuations over time The textbook combines rigorous quantitative analysis with effective use of graphics to aid intuitive understanding as well as didactic elements to help grasp the theoretical framework Suitable for advanced undergraduate and graduate students as well as financial analysts and advisors investors and bankers the book also provides an overview of Mergers and Acquisitions M A IPO and Private Equity to help illustrate the theoretical concepts in practice English for Business Studies Teacher's Book Ian Mackenzie,I.
