Breaking Point Rebecca Schwartz Greene, 2023-01-03 WINNER SOCIETY FOR MILITARY HISTORY DISTINGUISHED BOOK AWARDS FIRST BOOK This book informs the public for the first time about the impact of American psychiatry on soldiers during World War II Breaking Point is the first in depth history of American psychiatry in World War II Drawn from unpublished primary documents oral histories and the author's personal interviews and correspondence over years with key psychiatric and military policymakers it begins with Franklin Roosevelt's endorsement of a universal Selective Service psychiatric examination followed by Army and Navy pre and post induction examinations Ultimately 2.5 million men and women were rejected or discharged from military service on neuropsychiatric grounds Never before or since has the United States engaged in such a program In designing Selective Service Medical Circular No 1 psychiatrist Harry Stack Sullivan assumed psychiatrists could predict who might break down or falter in military service or even in civilian life thereafter While many American and European psychiatrists questioned this belief and huge numbers of American psychiatric casualties soon raised questions about screening's validity psychiatric and military leaders persisted in 1942 and 1943 in endorsing ever tougher screening and little else Soon families complained of fathers and teens being drafted instead of being identified as psychiatric 4Fs and Blacks and Native Americans among others complained of bias A frustrated General George S Patton famously slapped two malingering neuropsychiatric patients in Sicily a sentiment shared by Marshall and Eisenhower though they favored a tamer style Yet psychiatric rejections evacuations and discharges mounted While psychiatrist Roy Grinker and a few others treated soldiers close to the front in Tunisia in early 1943 this was the exception But as demand for manpower soared and psychiatrists finally went to the field and saw that combat itself not predisposition precipitated breakdown leading military psychiatrists switched their emphasis from screening to prevention and treatment But this switch was too little too late and slowed by a year long series of Inspector General investigations even while numbers of psychiatric casualties soared Ironically despite and even partly because of psychiatrists wartime performance plus the emotional toll of war postwar America soon witnessed a dramatic growth in numbers popularity and influence of the profession culminating in the National Mental Health Act 1946 But veterans with PTSD not recognized until 1980 were largely neglected *Impacts of Marine Litter* Luisa Galgani, Ricardo Beiras, Francois Galgani, Cristina Panti, Angel Borja, 2019-08-15

The Psychology of School Climate Garry Wade McGiboney, 2016-06-22 Many people have become impatient with school reform and school improvement efforts that fail to include school climate The importance of a positive school climate is emerging in current research not only as an essential component of school reform and school improvement but also as a necessary framework for maintaining excellent schools and providing healthy and safe schools for all students Research strongly suggests that educators and policy makers have a lot to learn about the importance of school climate for school safety and academic success With the growing body of research regarding school climate it is important to study the research and understand

how the psychology of school climate and how the elements of school climate can be viewed from a population based perspective as well as understanding the impact of school climate on individual students This review of school climate research includes hundreds of articles and research papers of different perspectives from around the world in numerous cultures School climate is becoming a science of education and psychology that must be studied further in order to understand the dynamic nature of learning environments to identify elements that support or threaten the learning environment and to learn how to improve the conditions for learning in all schools Handbook of Accessible Instruction and Testing Practices Stephen N. Elliott,Ryan J. Kettler,Peter A. Beddow,Alexander Kurz,2018-03-08 The Second Edition of this handbook provides comprehensive coverage of the concept of accessibility and its application to the design and implementation of instruction and tests with all students It updates and expands on its original contents and responds to the increasing demand for research based evidence of accessible instruction and testing practices from the professional community Chapters explore how outcomes are affected when essential features or components of instructional materials and tests are not accessible to any portion of the student population The handbook addresses the new set of Standards for Educational and Psychological Testing that was published in 2014 as well as requirements for a high level of access for all interim and summative tests by national testing consortiums In addition the handbook describes how the Center for Applied Special Technology CAST has continued to advance Universal Design for Learning UDL principles in mainstream education with teachers of all types of students not just students with disabilities Topics featured in this text include A summary of U S policies that support inclusive assessment for students with disabilities An overview of international policies that support inclusive assessments Designing developing and implementing an accessible computer based national assessment system Universal Design for Learning UDL principles and the future of assessment Recent advancements in the accessibility of digitally delivered educational assessments The Handbook of Accessible Instruction and Testing Practices Second Edition is an essential reference for researchers practitioners and graduate students in education and allied disciplines including child and school psychology assessment testing and evaluation social work and education policy and politics **Official Gazette Philippines,2004** Army and Navy Journal ,1946 *Scientific and Technical Aerospace Reports* ,1991 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database **The Effect of Radiation on Properties of Polymers** Laurence W.
