profiting from their camera phone skills photographers are submitting microstock images to stock photography companies
these Internet based photo agencies accept royalty free images from a far broader base of photographers than brick and
mortar stock agencies While the profits are quite low per sale those sales can really add up In this book Chen shows readers
how to tailor their shooting approach and subject selection to meet the needs of the microstock industry From camera
settings to accessory and software selection Chen shows readers how to choose and use the tools they need to create high
caliber image results Next he offers photographers tips for getting through the microstock submissions process and putting
their images in front of a viewing audience He introduces a host of tools for processing images for enhanced impact as well
Tips and images from other professional photographers round out this one of a kind heavily illustrated book Popular
