*Brother-Souls* Ann Charters, Samuel Charters, 2010-09-27 John Clellon Holmes met Jack Kerouac on a hot New York City weekend in 1948 and until the end of Kerouac's life they were in Holmes's words *Brother Souls*. Both were neophyte novelists hungry for literary fame but just as hungry to find a new way of responding to their experiences in a postwar American society that for them had lost its direction. Late one night as they sat talking Kerouac spontaneously created the term Beat Generation to describe this new attitude they felt stirring around them. *Brother Souls* John Clellon Holmes Jack Kerouac and the Beat Generation is the remarkable chronicle of this cornerstone friendship and the life of John Clellon Holmes. From 1948 to 1951 when Kerouac's wanderings took him back to New York he and Holmes met almost daily. Struggling to find a form for the novel he intended to write Kerouac climbed the stairs to the apartment in midtown Manhattan where Holmes lived with his wife to read the pages of Holmes's manuscript for the novel. Go as they left the typewriter. With the pages of Holmes's final chapter still in his mind he was at last able to crack his own writing dilemma. In a burst of creation in April 1951 he drew all the materials he had been gathering into the scroll manuscript of *On the Road*. Biographer Ann Charters was close to John Clellon Holmes for more than a decade. At his death in 1988 she was one of a handful of scholars allowed access to the voluminous archive of letters, journals, and manuscripts Holmes had been keeping for twenty-five years. In that mass of material waited an untold story. These two ambitious writers Holmes and Kerouac shared days and nights arguing over what writing should be: wandering from one explosive party to the next and hanging on the new sounds of bebop. Through the pages of Holmes's journals, often written the morning after the events they recount, Charters discovered and mined an unparalleled trove describing the seminal figures of the Beat Generation: Holmes, Kerouac, Neal Cassady, Allen Ginsberg, William Burroughs, Gregory Corso, and their friends and lovers. **"The" Athenaeum**, 1850 *The Dial*, 1881

**Athenaeum**, 1860 **Nonfictional Romantic Prose** Steven P. Sondrup, Virgil Nemoianu, 2004-03-31 *Nonfictional Romantic Prose: Expanding Borders* surveys a broad range of expository, polemical, and analytical literary forms that came into prominence during the last two decades of the eighteenth century and the first half of the nineteenth. They stand in contrast to better-known romantic fiction in that they endeavor to address the world of daily empirical experience rather than that of more explicitly self-referential fanciful creation. Among them are genres that have since the nineteenth century come to characterize many aspects of modern life like the periodical or the psychological case study; others flourished and enjoyed wide spread popularity during the nineteenth century but are much less well known today like the almanac and the diary. Travel narratives, pamphlets, religious and theological texts, familiar essays, autobiographies, literary critical and philosophical studies, and discussions of the visual arts and music all had deep historical roots when appropriated by romantic writers but prospered in their hands and assumed distinctive contours indicative of the breadth of romantic thought. **SPECIAL OFFER** 30% discount for a complete set: order 5 vols. *The Romanticism series in the Comparative History of Literatures in European*

Languages is the result of a remarkable international collaboration. The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism. A glance at the index of each volume quickly reveals the extraordinary richness of the series' total contents. Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross-cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams. Romantic Drama traces creative innovations that deeply altered the understanding of genre at large, fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd. Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments. Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self-commentary in theoretical statements on the arts, society, life, the sciences, and more. Nor are the discursive dimensions of imaginative literature neglected in the closing volume, Romantic Prose Fiction, where the basic Romantic themes and story types—the romance, novel, novella, short story, and other narrative forms—are considered throughout Europe and the New World. This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations. As an aid to readers, the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix. No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries, a heritage still very close to our age.

For the first time, doctrines were organized into a single creed. The Nicene and Post-Nicene Fathers did most of their writing during and after this important event in Church history. Unlike the previous era of Christian writing, the Nicene and Post-Nicene era is dominated by a few very important and prolific writers. In Volume VI of the 14-volume collected writings of the Nicenes and Post-Nicenes, first published between 1886 and 1889, readers will find Saint Augustine's exegesis on the Gospels and the Sermon on the Mount, which strove to interpret and draw meaning out of the text without incorporating the author's personal agenda or bias. Also included in this volume are a selection of Augustine's sermons.
