South African Army Application Forms 2016:

"ECEG2016-Proceedings of 16th European Conference on e-Government ECEG 2016 " Mitja De Man,Tina Juki,2016-06-02 *South Africa's Post-Apartheid Military* Lindy Heinecken,2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security political and social environment since 1994. In South Africa's changed political state how has civilian control of the military been implemented and what does this mean for defence in a democracy. This book presents an overview of the security environment how the mission focus of the military has changed and the implications for force procurement force preparation force employment and force sustainability. The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force the effect of affirmative action on meritocracy recruitment and retention military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged HIV AIDS and the consequences this holds for the military in terms of its operational effectiveness. In closing the author highlights key events that have caused the SANDF to become lost in transition and transformation spelling out some lessons learned. The conclusions she draws are pertinent for the future of defence security and civil military relations of countries around the world. *South Africa and United Nations Peacekeeping Offensive Operations* Garcia, Antonio,2018-08-16 The creation of the Force Intervention Brigade FIB as the sharp tactical edge of the United Nations Stabilisation Mission in the Democratic Republic of the Congo MONUSCO tasked with the neutralising of armed groups was a watershed moment in the history of modern peace missions. What was more significant was that sub-Saharan national leaders were instrumental in the creation of the FIB. South Africa Tanzania and Malawi but lacked the resources to deploy such a force and consequently the brigade was deployed under the banner of the UN. With the legacy of an African Renaissance and its role in the conception of the FIB South Africa remains a critical player in international peace and security in sub-Saharan Africa and therefore holds a key strategic role in achieving the FIB's objectives. This comes at a critical time where blue helmets are increasingly exposed to complex and challenging security contexts. The aim of this work is to provide a conceptual model for South African military future operations and UN offensive peacekeeping operations. In this undertaking a layer of military and Clausewitzian theory is added to offensive peacekeeping operations. Furthermore there are sections on operational constructs capstone and operating concepts doctrine and structural elements as well a section on mine action. This book contributes towards an understanding of the nature of modern strategy through the lens of UN offensive peacekeeping operations and provides insights into operational challenges. **General Jan Smuts And his First World War in Africa (1914-19-17)** David Brock Katz,2022-08-24 An engaging well written and meticulously researched military biography. Tim Stapleton Professor Department of History University of Calgary. Jan Smuts grabbed the opportunity to realise his ambition of a Greater South

Africa when the First World War ushered in a final scramble for Africa He set his sights firmly northward upon the German colonies of South West Africa and East Africa Smuts's abilities as a general have been much denigrated by his contemporaries and later historians but he was no armchair soldier He first learned his soldier's craft under General Koos de la Rey and General Louis Botha during the South African War 1899-1902 He emerged from that conflict immersed in Boer manoeuvre doctrine After forming the Union Defence Force in 1912 Smuts played an integral part in the German South West African campaign in 1915 Placed in command of the Allied forces in East Africa in 1916 he led a mixed bag of South Africans and imperial troops against the legendary Paul von Lettow Vorbeck and his Schutztruppen His penchant for manoeuvre warfare and mounted infantry freed most of the vast German territory from Lettow Vorbeck's grip General Jan Smuts and his First World War in Africa provides a long overdue reassessment of Smuts's generalship and his role in furthering the strategic aims of South Africa and the British Empire during this era **Robert Mugabe** Sue Onslow, Martin

Plaut, 2018-03-05 Zimbabwe's President Robert Mugabe sharply divides opinion and embodies the contradictions of his country's history and political culture As a symbol of African liberation and a stalwart opponent of white rule he was respected and revered by many This heroic status contrasted sharply in the eyes of his rivals and victims with repeated cycles of gross human rights violations Mugabe presided over the destruction of a vibrant society capital flight and mass emigration precipitated by the policies of his government resulting in his demonic image in Western media This timely biography addresses the coup led by some of Mugabe's closest associates that forced his resignation after thirty-seven years in power Sue Onslow and Martin Plaut explain Mugabe's formative experiences as a child and young man his role as an admired Afro-nationalist leader in the struggle against white settler rule and his evolution into a political manipulator and survivalist They also address the emergence of political opposition to his leadership and the uneasy period of coalition government Ultimately they reveal the complexity of the man who stamped his personality on Zimbabwe's first four decades of independence Transition Towards Gender Equality Sonja Gierse-Arsten, 2024-01-10 Worldwide

policy history international relations international law security studies political economy and development studies **Land Warfare since 1860** Jeremy Black, 2018-08-10 This cogent global history traces the evolution of land warfare since the start of the Crimean War Jeremy Black argues that although it has always been critical to the outcome of conflicts worldwide land warfare has become undervalued in comparison to air power in modern military thinking In practice land warfare was crucial during the American Civil War the two world wars and the conflicts of the Cold War Indeed the revival of great power confrontation has led to an urgent need to re examine the entire contemporary period Looking to the future the book shows convincingly that we must consider the nature of the military for non state actors as well for as the major powers Ultimately Black contends there is no substitute for the control over territory provided by boots on the ground **Stopping the Spies** Jane Duncan, 2018-06-01 Is South Africa on its way to becoming a surveillance state and will it need a whistleblower In 2013 former National Security Agency NSA contractor Edward Snowden leaked secret documents revealing that state agencies like the NSA had spied on the communications of millions of innocent citizens International outrage resulted but the Snowden documents revealed only the tip of the surveillance iceberg Apart from insisting on their rights to tap into communications more and more states are placing citizens under surveillance tracking their movements and transactions with public and private institutions The state is becoming like a one way mirror where it can see more of what its citizens do and say while citizens see less and less of what the state does owing to high levels of secrecy around surveillance In this book Jane Duncan assesses the relevance of Snowden s revelations for South Africa In doing so she questions the extent to which South Africa is becoming a surveillance society governed by a surveillance state Duncan challenges members of civil society to be concerned about and to act on the ever expanding surveillance capacities of the South African state Is surveillance used for the democratic purpose of making people safer or is it being used for the repressive purpose of social control especially of those considered to be politically threatening to ruling interests She explores the forms of collective action needed to ensure that unaccountable surveillance does not take place and examines what does and does not work when it comes to developing organised responses North Korean Military Proliferation in the Middle East and Africa Bruce E. Bechtol Jr., 2018-09-07 North Korea has posed a threat to stability in Northeast Asia for decades Since Kim Jong un assumed power this threat has both increased and broadened Since 2011 the small isolated nation has detonated nuclear weapons multiple times tested a wide variety of ballistic missiles expanded naval and ground systems that threaten South Korea and routinely employs hostile rhetoric Another threat it poses has been less recognized North Korea presents a potentially greater risk to American interests by exporting its weapons systems to other volatile regions worldwide In North Korean Military Proliferation in the Middle East and Africa Bruce E Bechtol Jr analyzes relevant North Korean military capabilities what arms the nation provides and to whom how it skirts its sanctions and how North Korea s activities can best be contained He traces illicit networks that lead to state and nonstate actors in the Middle East including Syria Iran Hezbollah and Hamas and throughout Africa

including at least a dozen nations The potential proliferation of nuclear and chemical weapons technology and the vehicles that carry it including ballistic missiles and artillery represent a broader threat than the leadership in Pyongyang Including training and infrastructure support North Korea's profits may range into the billions of dollars all concealed in illicit networks and front companies so complex that the nation struggles to track and control them Bechtol not only presents an accurate picture of the current North Korean threat he also outlines methodologies that Washington and the international community must embrace in order to contain it
