in January 1999      Regional Fisheries Oceanography of the California Current System Sam McClatchie,2013-09-30 The  
California Current System is one of the best studied ocean regions of the world and the level of oceanographic information  
available is perhaps only surpassed by the northeast and northwest Atlantic The current literature later than 1993 offers no  
comprehensive integrated review of the regional fisheries oceanography of the California Current System This volume  
summarizes information of more than 60 year California Cooperative Oceanic Fisheries Investigation CalCOFI While  
providing a large bibliography the intent was to extract themes relevant to current research rather than to prepare a  
compendious review of the literature The work presents a useful review and reference point for multidisciplinary fisheries  
scientists and biological oceanographers new to working in the California Current System and to specialists wishing to  
access information outside their core areas of expertise In addition it aims to deliver an up to date reference to the current
