G. Sabin, 1986-06-18 **Military Review** ,1979 *Hitler's Luftwaffe* Tony Wood, Bill Gunston, 1977 This is a pictorial history and technical encyclopedia of Hitler s air power in W W 11 **River Gunboats** Roger Branfill-Cook, 2016-08-30 A comprehensive fully illustrated encyclopedia of river gunboats from the early 19th century to the present day The first recorded engagement by a steam powered warship took place on a river when in 1824 the Honorable East India Company s gunboat Diana went into action on the Irrawaddy in Burma In the 150 years that followed river gunboats played a significant part in over forty campaigns and individual actions around the world This comprehensive reference book covers the development of riverboat warfare from the early 19th century to current riverine combat vessels in service today River gunboats proved to be the decisive factor in a wide range of conflicts across the world from the New Zealand Wars to the American Civil War and from both World Wars to the conflicts in Indochina and Vietnam This lavishly

Constructing Regional Security W. Durch, 2016-04-30 In this book William Durch examines conventional weapons proliferation since World War II the role of arms transfers in fueling regional conflict and prospects for curbing the global arms trade Noting that supply side arms control efforts which seek to constrain the companies and countries that produce and distribute major conventional weapons have a poor international track record Durch argues for a broader approach that tries to get at the demand side of the equation Addressing the political and regional dynamics that impel arms acquisitions he looks at how arms control might be combined with confidence and security building measures to contain demand and how value based arms trade control measures like codes of conduct could be implemented in stepwise fashion consistent with US national interests in regional stability
