Gottman,2014-10-10 Stereotypically science and emotion are diametric opposites one is cold and unfeeling the other soft and nebulous one is based on proven facts while the other is based on inexplicable feelings and never the twain shall meet until now John Gottman delves into the unquantifiable realm of love armed with science and logic and emerges with the knowledge that relationships can be not only understood but also predicted as well Based on research done at his Love Lab and other laboratories Gottman has discovered that the future of love relationships can be predicted with a startling 91% success rate These predictions can help couples to prevent disasters in their relationships recognize the signs of a promising relationship and perhaps more importantly recognize the signs of a doomed one *Principia Amoris* also introduces *Love Equations* a mathematical modeling of relationships that helps understand predictions *Love Equations* are powerful tools that can prevent relationship distress and heal ailing relationships Readers learn about the various research and studies that were done to discover the science behind love and are treated to a history of the people ideas and events that shaped our current understanding They also learn about *The Four Horsemen of the Apocalypse* 45 natural principles of love 5 couple types 5 recipes for good relationships And much more Just as science helped us to understand the physical world it is helping us to understand the emotional world as well Using the insights in this book mental health professionals can meaningfully help their distressed clients as well as better understand why a relationship is failing or succeeding Appropriate for the curious non mental health professional as well *Principia Amoris* is a must have on any bookshelf Are texts wrongly written?

Annandreas,2018-04-24 This may be the first book in the world written and published using bigger spaces in the text You will get the possibility to evaluate a new scientific idea You will get the opportunity to answer if texts are wrongly written That is the main idea of this book Hence the title At the same time we can study the will to truth If scientists can wait to publish

results you will be able to know before they do I urge them to wait to publish their results a year after the release of this book to let everyone first build their own opinion Then they can get ahead I think that could strengthen the social capital What do you think they should do How should we manage our will to truth Please give voice to your opinion after reading this book

McLelland, 2012-02-13 This is the first book in English to examine through material in the popular press the radical changes that took place in Japanese ideas about sex romance and male female relations in the wake of Japan's defeat and occupation by Allied forces at the end of the Second World War

Bilingual Couples Talk Ingrid Piller, 2002-01-01 This sociolinguistic study of the linguistic practices of bilingual couples describes the conditions processes and results of private language contact It is based on a unique corpus of more than 20 hours of private conversations between partners in bilingual marriages Adding to its breadth of coverage these private conversations are supplemented with larger public discourses about international couplehood The volume thus offers a corpus driven investigation of the ways in which ideologies of gender nationality and immigration mediate linguistic performances in private cross cultural communication The author embraces social constructionist feminist and postmodern approaches to second language learning multilingualism and cross

cultural communication In contrast to other titles in the field which have focused almost exclusively on the socialization of bilingual children this book explores what it means to one s sense of self to become socialized into a second language and culture as a late bilingual
