

The background of the image is a photograph of a sunset or sunrise. The sky is filled with warm, orange and yellow clouds. In the foreground, the dark, silhouetted peaks of a mountain range are visible against the bright sky. The overall mood is contemplative and serene.

All my life I have been stumbling
through moments, desperate to reach
the next, without ever really finishing
the moment I was currently in.

The Year's Best Science Fiction: Seventeenth Annual Collection Gardner Dozois, 2000-08-12 In science fiction's early days stories often looked past 1984 to the year 2000 as the far unknowable future Here now on the brink of the twenty first century the future remains as distant and as unknowable as ever and science fiction stories continue to explore it with delightful results Collected in this anthology are such imaginative gems as The Wedding Album by David Marusek In a high tech future the line between reality and simulation has grown thin and it's often hard to tell who's on what side Everywhere by Geoff Ryman Do the people who live in utopian conditions ever recognize them as such Hatching the Phoenix by Frederik Pohl One of science fiction's Grand Masters returns with a star crossing tale of the Heechee the enigmatic vanished aliens whose discarded technology guides mankind through the future A Hero of the Empire by Robert Silverberg Showing that the past is as much a province of the imagination as the future this novelette returns to an alternate history when the Roman Empire never fell to show us just how the course of history can be altered The twenty seven stories in this collection imaginatively take us to nearby planets and distant futures into the past and into universes no larger than a grain of sand Included here are the works of masters of the form and of bright new talents Supplementing the stories are the editor's insightful summation of the year's events and a lengthy list of honorable mentions making this book a valuable resource in addition to serving as the single best place in the universe to find stories that stir the imagination and the heart *7 Basics*

Beth Jones, 2013-08-14 Faith is taking the first step even when you don't see the whole staircase Martin Luther King Jr Every follower of Jesus needs to be established in the 7 Basics to develop deep roots and a strong foundation of faith The short chapters include these basic topics Get to Know God Get Comfortable in Prayer Get Excited and Telling Somebody Get Your Head on Straight Get to Know Your Bible and more The 7 Basics was written to help believers connect the dots on what it means to be a Christian and how to live out the joy filled adventure of faith **Rewriting the Self** Mark

Freeman, 2015-08-20 Originally published in 1993 This book explores the process by which individuals reconstruct the meaning and significance of past experience Drawing on the lives of such notable figures as St Augustine Helen Keller and

Philip Roth as well as on the combined insights of psychology philosophy and literary theory the book sheds light on the intricacies and dilemmas of self interpretation in particular and interpretive psychological enquiry more generally The author draws upon selected mainly autobiographical literary texts in order to examine concretely the process of rewriting the self Among the issues addressed are the relationship of rewriting the self to the concept of development the place of language in the construction of selfhood the difference between living and telling about it the problem of facts in life history narrative the significance of the unconscious in interpreting the personal past and the freedom of the narrative imagination Alpha Sigma Nu National Book Award winner in 1994 **Poems from My Broken Heart** Leah Joy Pearson,2016-09-30 Poet and

expressionist Leah Joy Pearson goes deep to bring us her collection of poems that share the human quest out of darkness and despair into light and redemption This tender honest and sometimes difficult message will inspire you to go on your own journey into your heart to uncover your authentic voice Preaching Your Way Out of a Mess Johnny Teague,2019-03-22

Every day a pastor faces armies of despair fatigue exhaustion and frustration That blessed hope of a Spurgeon church has morphed into a Paul prison Every time he looks up there is another attack First errors are found then sin doctrinal arguing leads to internal strife The army of the nation s culture surrounds for the kill The pastor places his baptism handkerchief on a broom handle and crawls out to surrender Just then he looks to the horizon to see a glorious alliance of sixty six armies The enemy turns in fear many ride away while others engage only to be routed The preacher had forgotten that there are more with us than against us No matter the mess God is with us He has given his Spirit to move among us and he has given us his word to defeat every attack Grab this handbook and be encouraged you can preach your way out of every mess *God'S Vibes Matter* Juliana Page,2017-04-07 Godly living demands spiritual maturityeliminating the static from your heart and obeying the voice of God But how do we overcome our erratic feelings and save our valuable energy How do we avoid the readily available senseless and harmful desires that so cleverly snare us into destruction Thankfully we have a fighting chance if we run after the faith we somehow wandered away from In Gods Vibes Matter Reclaiming Your Spiritual Authority author and life coach Juliana Page shows how to have a heart fully surrendered to the transformative power of Gods Spirit Juliana shares lessons about the everyday miracles that illuminate Gods Spirit and she shows how these lessons along with insightful journal prompts will inspire Spirit seekers to look deeper into their own stories empowering them to prosper through Spirit led living For both spiritual seekers and on the fence believers the first step is to learn how to stop striving in their worldly searches and instead be guided by the one true source Jesus Christ This good fight of faith demands a different pursuita pursuit of righteousness godliness faith love steadfastness and gentleness And while it may be a fight that Christians are unaccustomed to it can serve as the basis to connect with God and reveal his glory in the world God, Science, and Reason Michael Bunner,2013-04 Most persons have been led to believe there is a war between science and religion Over the past generation New Atheist icons such as Richard Dawkins Sam Harris Daniel Dennett and Christopher Hitchens have

fueled this erroneous belief with provocative best selling books which herald the triumph of science over God To date the scientific and philosophical responses made by persons of faith to these New Atheist affronts have made only a little noise like warning shots fired across the bow of a ship No more In God Science and Reason Michael Bunner a scientist who also believes in God takes direct aim at the belief systems of the New Atheists and the world view they espouse He not only exposes the flaws in their own logic and rationale but also presents well reasoned and compelling scientific and philosophical arguments that reveal and decimate their belief systems In the process he demonstrates that the war between science and religion is nothing more than an illusion concocted and sustained by those who have rejected God He also makes a persuasive case that we can understand reality only when we view the world through the lenses of both science and religion
