Version 2.4

By David Carter

2.5 Receiver Wiring

2.5.1 WRX Radio Connector Pin-out

The table below was compiled from all of the Subaru radio wiring diagrams from 1993-2005 (model years 2006 and 2007 continue to use this pin-out, but I have not been able to look up the factory wire colors on these years).

All Subarus from 1993 and up (except for the SVX, and 1993 and 1994 Legacies in North America) have used this same 14-pin connector and the same pin-out. A few of the wire colors in the cars have changed over the years, but the functions of the pins have remained the same. The table below shows the wire colors for just the Impreza / WRX and Outback Sport. (Here's a similar table for the [Forester](#) and one for the [Legacy/Outback](#).)

Pin numbers on the connector:
