Sacred Elephants Dr. Karen Harvey, Dr. Donna Nicholson, 2014-12-18 *Sacred Elephants The Catastrophic Crisis in Education Impacting the Decline of America* is urgent in its message and reflective of our times Education is the key to our economic health as a nation as well as the preservation of our freedom It is just that simple Thomas Jefferson told us that an educated citizenry is the best hedge against tyranny Given our downward slide in academic achievement on the world stage it is past time to heed his warning The authors of *Sacred Elephants* present their compelling case in two parts calling for a decisive response from the citizens of America for real systemic change in our education system They first discuss the ten critical areas that must be addressed without delay if we are to return to a viable public education system In part two they present a working school design that will create and sustain academic success for students The hour is late and the stakes could not be higher *Colorado Preschool Program ... Legislative Report* Colorado Preschool Program, 2016 [Reinventing America's Schools](#) David Osborne, 2017-09-05 From David Osborne the author of *Reinventing Government* a biting analysis of the failure of America's public schools and a comprehensive plan for revitalizing American education In *Reinventing America's Schools* David Osborne one of the world's foremost experts on public sector reform offers a comprehensive analysis of the charter school movements and presents a theory that will do for American schools what his New York Times bestseller *Reinventing Government* did for public governance in 1992 In 2005 when Hurricane Katrina devastated New Orleans the city got an unexpected opportunity to recreate their school system from scratch The state's Recovery School District RSD created to turn around failing schools gradually transformed all of its New Orleans schools into charter schools and the results are shaking the very foundations of American education Test scores school performance scores graduation and dropout rates ACT scores college going rates and independent studies all tell the same story the city's RSD schools have tripled their effectiveness in eight years Now other cities are following suit with state governments reinventing failing schools in Newark Camden Memphis Denver Indianapolis Cleveland and Oakland In this book Osborne uses compelling stories from cities like New Orleans and lays out the history and possible future of public education Ultimately he uses his extensive research to argue that in today's world we should treat every public school like a charter school and grant them autonomy accountability diversity of school designs and parental choice *Annual Report on the Colorado Student Assessment Program* Colorado Student Assessment Program, 2012 *Time for Learning* Kathleen P. Fulton, 2014-05-22 The guide school leaders need to reap the rewards of education's most exciting new trend Flipping classrooms using class time for hands on learning and off loading the lecture portion of lessons to teacher created videos or other technology presentations assigned as homework is taking schools by storm But like all hot trends it is important to apply this innovation intelligently especially at the system wide level This book makes a persuasive case to leaders for the potential benefits of flipping Backed by powerful data and compelling anecdotes this book covers Data on positive student outcomes in terms of achievement and motivation How

flipping gives teachers more time to work with students one on one and encourage peer learning Ways flipping can benefit teacher learning and collaboration Why flipping encourages students to take responsibility for their own learning How flipping engages students in 21st century skills Ways flipping is budget and resource friendly With this book you can take a major step towards the future of education utilizing technology and advanced understanding of how students learn best Flipped classrooms empower teachers to engage students in deeper learning This book gives readers ten reasons for joining forces to make this possibility a reality Tom Carroll President National Commission on Teaching and America's Future I highly recommend this book for any educator interested in flipping the classroom to reinvent the learning process The stories show how flipping is energizing teachers and students with powerful results Lisa Schmucki Founder and CEO edweb.net
