Logistics and Transportation Security Maria G. Burns,2015-10-22 Professor Burns has captured the essence of transportation security one of today s most pressing concerns As the rate of globalization and world trade increases security and supply chain resilience are at the core of one s global transportation network This is a timely and well written contribution to the industry John A Moseley Senior Dir *A History of Fort Worth in Black & White* Richard F. Selcer,2015-12-15 A History of Fort Worth in Black White fills a long empty niche on the Fort Worth bookshelf a scholarly history of the city s black community that starts at the beginning with Ripley Arnold and the early settlers and comes down to

today with our current battles over education housing and representation in city affairs The book's sidebars on some noted and some not so noted African Americans make it appealing as a school text as well as a book for the general reader Using a wealth of primary sources Richard Selcer dispels several enduring myths for instance the mistaken belief that Camp Bowie trained only white soldiers and the spurious claim that Fort Worth managed to avoid the racial violence that plagued other American cities in the twentieth century Selcer arrives at some surprisingly frank conclusions that will challenge current politically correct notions The Entrepreneurship Movement and the University C. Sá,A. Kretz,2015-03-20

Entrepreneurship is widely embraced today in political discourse popular culture and economic policy prescriptions Several groups actively promote entrepreneurial thinking and practices in higher education This book examines how this Entrepreneurship Movement impacts higher education in Canada and the United States *Operations Management for Social Good* Adriana Leiras,Carlos Alberto González-Calderón,Irineu de Brito Junior,Sebastián Villa,Hugo Tsugunobu Yoshida Yoshizaki,2019-10-14 This volume showcases the presentations and discussions delivered at the 2018 POMS International Conference in Rio Through a collection of selected papers it is possible to review the impact and application of operations management for social good with contributions across a wide range of topics including humanitarian operations and crisis management healthcare operations management sustainable operations artificial intelligence and data analytics in operations product innovation and technology in operations management marketing and operations management service operations and servitization logistics and supply chain management resilience and risk in operations defense and tourism among other emerging Operations Management issues The Production and Operations Management Society POMS is one of the most important and influential societies in the subject of Production Engineering and as an international professional and academic organization represents the interests of professionals and academics in production management and operations around the world *The Routledge Research Companion to Energy Geographies* Stefan Bouzarovski,Martin J Pasqualetti,Vanesa Castán Broto,2017-07-06 Energy has become a central concern of many strands of geographical inquiry from global climate change to the effects of energy decisions on our lives However many aspects of the black box of relationships at the energy society interface remain unopened especially in terms of the spatial underpinnings of energy production and consumption within nations cities and regions Debates focusing on the location and nature of energy flows frequently fail to consider the multiple geographical networks that illustrate and explain the distribution of fuels and services around the world Providing an integrated perspective on the complex interdependencies between energy and geography The Routledge Research Companion to Energy Geographies offers a timely conceptual framework to study the multiple facets of energy geography including security space and place planning environmental science economics and political science Illustrating how a geographic approach towards energy can aid decision making pathways in the domains of social justice and environment this book provides insights that will help move the international community toward greater cooperation
