

# THANKS

for **ALL** that you did today in your classroom...

For making a million little split second

**DECISIONS** for the benefit of your students.

For putting your own needs on hold and

keeping them the **FOCUS** of your day.

For **PLANNING** for them long before today  
ever got rolling.

For **CHANGING** those plans because they didn't  
fit someone who needed a little extra.

For smiling, **LAUGHING WITH THEM** and reassuring  
their efforts, trials and mistakes.

For placing your hand on a shoulder that  
was **EXACTLY** what someone needed.

For getting down on the physical level of  
your students because **IT MATTERS**.

For thinking of a new way to reach  
someone who wasn't getting it.

You matter.

Yes — **YOU MATTER.**

IMPROVEMENT Bruce Joyce,Emily Calhoun,David Hopkins,1999-05-16 Self renewing schools where students and staff are involved in ongoing inquiry has long since been an ideal in education However this goal has not proved readily achievable The authors of this book regard this as a challenge which can be confronted positively believing that enough knowledge exists to develop a fresh structure of school improvement and one which is likely to succeed The book draws upon the considerable body of research on successful and unsuccessful school improvement programs to generate a practical strategy for school improvement that can be used by schools school districts and local education authorities and policymakers with a high probability of success The heart of the strategy is an inquiry process centered on the continuous study of student learning and the creation and study of initiatives to enhance student achievement in academic personal and social domains The school as a workplace is altered dramatically with the inclusion of study time for teachers continuous staff development and the organization of a governance structure which includes school staff parents community agencies business partners
