This book provides the theory behind integration of reading and writing throughout the stages of literacy development PK-12. It explores strategies and resources for supporting others as they provide literacy instruction. Teachers, literacy coaches, and district leaders will be a particular focus of the book as they need to be prepared to help their faculty integrate reading and writing in their institutions. Each chapter begins with a scenario or example from K-12 to flesh out the ideas presented in the chapter. Followed by an anticipation guide, the chapter delves into the learner characteristics, various genres, text.
