Ted Hughes and Christianity David Troupes,2019-07-04 Proposes a radical reassessment of Hughes as a religious poet demonstrating his loyalty to an essentially Christian metaphysic Children's Literature and the Posthuman Zoe Jaques,2015-02-11 An investigation of identity formation in children s literature this book brings together children s literature and recent critical concerns with posthuman identity to argue that children s fiction offers sophisticated interventions into debates about what it means to be human and in particular about humanity s relationship to animals and the natural world In complicating questions of human identity ecology gender and technology Jaques engages with a multifaceted posthumanism to understand how philosophy can emerge from children s fantasy disclosing how such fantasy can build upon earlier traditions to represent complex issues of humanness to younger audiences Interrogating the place of the human through the non human whether animal or mechanical leads this book to have interpretations that radically depart from the critical tradition which in its concerns with the socialization and representation of the child has ignored larger epistemologies of humanness The book considers canonical texts of children s literature alongside recent bestsellers and films locating texts such as Gulliver s Travels 1726 Pinocchio 1883 and the Alice books 1865 1871 as important works in the evolution of posthuman ideas This study provides radical new readings of children s literature and demonstrates that the genre offers sophisticated interventions into the nature boundaries and dominion of humanity Focus on Comprehension Louis Fidge,1999 **Teaching Design and Technology Creatively** Clare Benson,Suzanne Lawson,2017-05-18 Packed full of practical ideas Teaching Design and Technology Creatively is a stimulating source of guidance for busy trainee and

practising teachers Grounded in the latest research it offers a wealth of suggestions to foster creative development in D T and supports teachers in providing their students with more authentic enjoyable experiences Providing a wealth of ready to use ideas for creative lessons key topics covered include Understanding links between D T and creativity Creating a foundation for D T in the early years Using objects books and real life contexts as imaginative starting points Developing designerly thinking Making the most of construction kits Helping children draw to develop their ideas Encouraging dialogic talk in D T to drive learning Exploring food as a creative resource Practical approaches to embedding IT and programming in the curriculum Taking learning outside the classroom Teaching Design and Technology Creatively provides practical teaching suggestions to ensure teachers of all levels understand how to teach for creativity It shows how learning experiences in D T have the potential to extend children s technological knowledge and to promote problem solving and evaluation skills Drawing on examples from real world projects this text is invaluable for all those who wish to engage students in D T and encourage creative classroom practice
