Fowler, 2015-09-14 Baptism may be more important than you think Virtually every Christian tradition practices baptism but with diverse understandings of its form and meaning Baptists and similar traditions have emphasized the restriction of baptism to confessing believers and immersion as the mode and they have usually interpreted baptism as a post conversion act of human obedience rather than a sacramental means of grace In this book a Baptist theologian calls for a reformation of Baptist thought and practice arguing that a biblical theology of baptism interprets baptism as a sacramental seal of conversion The book develops the biblical case for this perspective and answers questions about its practical implications     **Multi-Faith Activity Assemblies** Elizabeth Peirce, 2003-12-16 Packed with ideas for the primary school teacher this book includes stories songs and drama activities from six major world religions Christianity Buddhism Hinduism Islam Judaism and Sikhism The book is helpfully split into topic areas which include New Beginnings Places of Worship Friends Festivals Rites of Passage Water Themes Animals and Birds Inspirational Leaders There is also a useful section on background information with pronunciation guides for teachers for the different world religions featured Multi faith Activity Assemblies combines Elizabeth Peirce's previous books Activity Assemblies for Christian Collective Worship 5 11 and Activity Assemblies for Multi racial Schools 5 11 Taking the best ideas from both and adding new material it will be invaluable to headteachers deputy headteachers primary school teachers or any trainee teacher who is looking for a collection of assembly ideas that promotes tolerance and understanding of the multi faith society in which we live     **Teaching Christianity at Key Stage 2** Lilian Weatherley, Trevor Reader, 2001 This work offers resources and information to those teaching Christianity at Key Stage 2 Each chapter introduces children to key Christian beliefs and practices as well as providing plenty of practical activities and ideas for use in the classroom or for collective worship     Faith, Force and Fiction in Medieval Baptismal Debates Marcia L. Colish, 2014-05 Drawing on a wide and interdisciplinary range of sources that goes well beyond the writings of theologians and canonists to include liturgical texts and practices the rulings of popes and church councils saints lives chronicles imaginative literature and poetry Faith Fiction and Force in Medieval Baptismal Debates illuminates the emergence and

fortunes of these three controversies and the historical contexts that situate their development Each debate has its own story line its own turning points and its own seminal figures whose positions informed its course The thinkers involved in each case were and regarded one another as being members of the orthodox western Christian communion Thus another finding of this book is that Christian orthodoxy in the Middle Ages was able to encompass and accept disagreements both wide and deep on a sacrament seen as fundamental to Christian identity faith and practice      **The Church** ,1862
