**Ri Im Investments** Zvi Bodie,2001-08 *Justice, Equality and Tax Law* Nevia Čičin-Šain,Mario Riedl,2022-10-05 An in depth analysis of the specific aspects of justice equality and tax law Justice Equality and Tax Law is a topic that is both old and new at the same time Even if the society changes the demands that tax needs to be just and equal seem to be immutable What changes of course is the perception of the content of those demands International taxation post BEPS has been fraught with new challenges that warranted urgent responses These challenges were mainly provoked by the unprecedented rise of the digital economy which truly marked a change in the way business is conducted how value is created and how goods and services are produced and consumed Digitalization in turn had repercussions on all aspects of taxation direct taxation indirect taxation and even tax procedures For instance the quest for more justice and equality in profit taxes was the reason why in October 2021 a historical deal based on a two pillar solution to address the tax challenges arising from the digitalization of the economy was negotiated within the OECD G20 Inclusive Framework on Base Erosion and Profit Shifting and agreed upon by 137 member countries It was also the motive behind the shift from a typical vendor collection model to an intermediary collection model supported by centralized registration points in indirect taxes notably the VAT GST Abundant data from the European Union or the OECD signaled an ever increasing gap between expected VAT revenues and VAT actually collected making it obvious that the classical system of VAT GST collection was unable to respond to challenges posed by the digital economy Therefore new solutions based on the participation of digital platforms as intermediaries had been introduced Finally new technologies such as blockchain paved new avenues in enhancing tax compliance In this context this volume entitled Justice Equality and Tax Law contains not only a selection of the best master s theses of the full time LL M programme in 2021 2022 but also represents an in depth analysis of various aspects of this evergreen topic **General Technical Report INT.** ,1996 *Scientific and Technical Aerospace Reports* ,1995 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database Manual of Analytical Quality Control for Pesticides Joseph Sherma,Jack F. Cimadamore,Carlos B. Cherniak,2025-05-24

This book addresses the challenges to achieve food security which can arguably be one of the axis of any transformational solution to the structural production and reproduction of hunger malnutrition and poverty According to the picture depicted in the book access to sufficient and safe food is not guaranteed for approximately 2 4 billion people with women and children in rural areas being the most significantly affected Particularly the situation concerning children has set off all the alarms Based on the data offered in the different chapters the authors estimate that would be very difficult if not impossible to achieve the most important global objectives that the international community has committed to achieving by 2030 ending poverty hunger and food insecurity This way the most ambitious and well intended development initiative the international community was able to put together in the history of humankind the Agenda 2030 is derailing Urgent expansion in the supply of the nutritious foods that constitute a healthy diet and a shift in consumption patterns are required among other things to effectively address SDGs targets The book presents and discusses contributions of authors who have been thinking and facing those challenges in the academia and decision making spheres It is also a relevant contribution to rethinking the public policies of Latin American and Caribbean LAC countries as well as the technical cooperation and financial assistance schemes for the region The rethinking exercise sketched here places LAC both as a critical scenario and as a laboratory for envisioning innovative solutions that have the potential to not only transform the regional reality but also to be replicated in other regions with the proper adaptation to different contexts      **NBS Technical**
