### **Long Welcome Speech for Sports Day By Principal**

Good morning everyone, I am very happy to see everyone blooming in the spirit of the sports day. It is an absolute honor to introduce to you all the Chief guests/guests (mention their names) today, we feel privileged to host you today. I would like to thank you for accepting our invitation and gracing us with your presence. Your achievements in the field of sports are excellent and your contribution to raising the bar for future generations by bringing laurels to our country is truly noteworthy.

A very warm welcome to the parents and families who are here to support their children. It is difficult to navigate these past few weeks for children who are working hard and preparing for the main day. It is because of your affection and encouragement that we see our children in high spirits, even after such tiring days.

The annual sports day is a tradition that started ever since the school was established. My heart is overjoyed to see such enthusiastic participation by all our students who are carrying forward the torch of march pasts, and sports drills. Every year the level of anticipation only increases. It makes us more excited to see what's coming ahead.

The primary focus in many cases is academics, which certainly is an important aspect in building a student's career and life but many fail to recognize the importance of sports.

Extracurricular activities and sports teach students many important life lessons. It teaches discipline, focus, dedication, hard work, commitment, teamwork. And it is our responsibility as adults to value sportsmanship and award the courage of students to take action rather than focusing on winning or losing.

Sports instill plenty of values that help students to cruise through life with honesty and responsibility for themselves and others. It also allows students to be agile and fit that only increases the concentration in academics and the willingness to perform better in any field.

Sport is an amazing concept that improves the lives of people. Students especially need to take part in sports that they find fun because participating in sports will not only help them to improve their physical health but will also give

Relationship Marketing confirms it as a classic text on the subject of relationship marketing and CRM areas which have become accepted and debated parts of marketing but are currently undergoing dramatic change. A major contribution to marketing thought internationally, this seminal title presents a powerful in-depth analysis of relational approaches to marketing where the three words relationships, networks, and interaction are king. The book effects a dramatic shift in the fundamentals of marketing thought with the author's refined model of thirty relationships, the 30Rs, presenting a sophisticated and cogent challenge to the traditional 4Ps schema. Previous editions were widely praised as breakthrough texts in the field, combining incisive and searching analysis with an accessible and pragmatic approach to putting the theory to work. This third edition is the first book on relationship marketing and CRM to integrate the ongoing evolution in marketing through the service-dominant logic, lean consumption, and the customer's value chain, the augmented role of the customer in value creation, the increasing importance of customer-to-customer (C2C) interaction, network-based many-to-many marketing, and marketing accountability and metrics. It addresses both the high-tech information technology aspects of marketing and the high-touch human aspects. Further customer-centricity is suggested to be broadened to balanced centricity, a trade-off between the needs of all stakeholders of a network of relationships. Examples, cases, concepts, and references have been updated. Highly informative, practical in style, and packed with illustrations from real companies, *Total Relationship Marketing* is an essential resource for all serious marketing practitioners as well as undergraduate and postgraduate students.

**Sentiment, Language, and the Arts: The Japanese-Brazilian Heritage** Shūhei Hosokawa, 2019-11-11. *Sentiments, Language, and the Arts: The Japanese-Brazilian Heritage* explores the complex feelings of Japanese immigrants in Brazil, focusing on their yearning for home as a way of interpreting the shifting nature of their identity. To understand the immigrants' lives and feelings from their own perspective, Hosokawa looks closely at their poetry, linguistic activities such as the borrowing of Portuguese words, amateur speech contests, and a fantasy about the shared origins of Japanese and the Brazilian indigenous language, Tupi. He also examines the issue of group identity through the performing arts, analyzing the reception of Japanese sopranos who sang the title role in *Madam Butterfly*, participation in Carnival parades, and the oral storytelling of their history in popular narratives called *rakkyoku*. Translated from Japanese by Paul Warham.
