

Games Made Easy: Sorry

Players: 2

1. Each player begins with all four pawns in Start. To get out, they must either draw a 1 or a 2, but they cannot move past the space right outside Start.
2. Players take turns drawing cards and moving their pawns around the board. You must move one pawn the exact number of spaces shown on the card; if that is not possible you forfeit your turn.

However, some cards give you other options for how to move.

2= Draw again

4= **MUST** move backward 4 spaces

7= Has the option to split the 7 spaces between two pawns

10= Has the option to move backward 1 space instead

11= Has the option to switch one of your pawns with another player's

Sorry= These cards let you use one of your pawns to replace another player's pawn and send their pawn back to Start. However, your pawn must come from Start. If you have no pawns in Start you forfeit your turn.

3. Watch out for special spaces. If the final space you land on is a Slide triangle, you may "slide" to the end as long as the slide color isn't your pawn's color. When you reach your color's safety zone, that pawn is safe from all actions on the board. Additionally, if you land on a space occupied by your opponent's piece, that pawn gets sent to Start.

4. The winner is the first person to get all their pawns Home.

Game Marathon Play: Award a point to the player closest to winning.
