Language B/Spanish MYP Level 3 Victoria Principe

Language B Course Description

Fundamental Concepts: The primary goal of Language B is to encourage students to gain competence in a modern language (other than their native language) with the long-term goal of bilingualism. This goal will be achieved by keeping the three IB fundamental concepts in mind. **Communication:** Language B students will be able to communicate orally and in writing in both formal and informal settings on a variety of topics. **Holistic learning:** Throughout the course, students will be able to connect content to other disciplines and real world situations. **International-mindedness:** Students will be made aware of cultural similarities and differences with people in countries where the target language is spoken.

IB Learner Profile: Language B stimulates students to acquire and improve certain attributes such as being a **risk-taker** and challenging themselves to use the language with native speakers; becoming **open-minded** and **caring** to the diverse people with whom they may have an interaction; being **principled** and **balanced** regarding their work in and out of the classroom; and to become more **inquisitive**, better **thinkers** and increasingly **reflective** about their role in the IB community. By growing in these areas, Language B students will have established learning techniques that will produce a desire to be lifelong learners and better world citizens.
