Stylistics Daniel Mcintyre:

Stylistics Lesley Jeffries,Daniel McIntyre,2010-09-30 An introduction to the study of style in language offering practical advice on how to stylistically analyse texts   **English Stylistics** Zeki Hamawand,2023-03-26 This accessible textbook hinges on the central assumptions of Cognitive Linguistics and Cognitive Grammar introducing students to the analytical tools they need to approach Stylistics an essential area in language analysis The author verifies the claim that alterations in style triggered by different cognitive processes reflect alterations in meaning and shows how they are employed to achieve particular effects in context The book links theory with practice aiming both to acquaint students with the cognitive principles that account for stylistic expressions and to provide them with the tools and techniques to conduct their own analyses The textbook explores and explains how writers use the resources of language to create meaning and how readers interpret texts It will be of interest to advanced undergraduate and postgraduate students on courses in English Linguistics as well as those working on other languages and in related areas such as Composition and Creative Writing   **Stylistics and Shakespeare's Language** Mireille Ravassat,Jonathan Culpeper,2011-06-02 This innovative volume testifies to the current revived interest in Shakespeare s language and style and opens up new and captivating vistas of investigation Transcending old boundaries between literary and linguistic studies this engaging collaborative book comes up with an original array of theoretical approaches and new findings The chapters in the collection capture a rich diversity of points of view and cover such fields as lexicography versification dramaturgy rhetorical analyses cognitive and computational corpus based stylistic studies offering a holistic vision of Shakespeare s uses of language The perspective is deliberately broad confronting ideas and visions at the intersection of various techniques of textual investigation Such novel explorations of Shakespeare s multifarious artistry and amazing inventiveness in his use of language will cater for a broad range of readers from undergraduates postgraduates scholars and researchers to poetry and theatre lovers alike   *The Literary-Linguistic Analysis of the Bible* ,2024-09-16 This collection of essays explores the rich intellectual heritage of Russian Formalism and the Prague School of Linguistics to illuminate their influence on the field of biblical studies and apply their constructive and creative potential for advancing linguistic theory discourse analysis and literary interpretation of the texts of the Old and New Testaments in their original languages   *The Message of the Jerusalem Council in the Acts of the Apostles* Zachary K. Dawson,2022-03-28 By applying a linguistic stylistic analysis this study argues that Luke s construal of the Jerusalem Council in Acts 15 and its related passages attempt to subvert a tradition within Second Temple Jewish literature that threatened the unity of multi ethnic churches   *Style* Brian Ray,2014-11-01 Style An Introduction to History Theory Research and Pedagogy conducts an in depth investigation into the long and complex evolution of style in the study of rhetoric and writing The theories research methods and pedagogies covered here offer a conception of style as more than decoration or correctness views that are still prevalent in many college settings as well as in public discourse   Style in Narrative Patrick

Colm Hogan,2020-11-25 Literary style is something many people talk about but few could define Yet it is crucial for our response to narrative art Style can facilitate or obscure the events of a story or the motivations of a character enhance the aesthetic appeal of a narrative or complicate its emotional impact and even inflect the political or ethical implications of a work It is precisely this complex operation of style that Patrick Colm Hogan explains in Style in Narrative Drawing on recent psychological research this book proposes a new and clear definition of style and provides a systematic theoretical account of style in relation to cognitive and affective science Hogan s definition stresses that style varies by both scope or the range of text or texts that may share a style and level the components of an individual work that might involve a shared style The book uses rich examples from literature film and graphic fiction including analysis of Virginia Woolf s Mrs Dalloway Shakespeare s canon William Faulkner s As I Lay Dying and Art Spiegelman s Maus as well as visual analysis of films by Robert Rodriguez Deepa Mehta Eric Rohmer M F Husain Yasujiro Ozu and Chuan Lu Through these studies Hogan identifies stylistic concerns common across mediums as well as the most consequential stylistic differences between them Bringing together three often separated mediums within a coherent framework Style in Narrative makes an important contribution to and necessary intervention in the field of stylistics *Corpus Stylistics* Elena Semino,Mick Short,2004-06-24 This book combines stylistic analysis with corpus linguistics to present an innovative account of the phenomenon of speech writing and thought presentation commonly referred to as speech reporting or discourse presentation This new account is based on an extensive analysis of a quarter of a million word electronic collection of written narrative texts including both fiction and non fiction The book includes detailed discussions of The construction of this corpus of late twentieth century written British narratives taken from fiction newspaper news reports and auto biographies The development of a manual annotation system for speech writing and thought presentation and its application to the corpus The findings of a quantitive and qualitative analysis of the forms and functions of speech writing and thought presentation in the three genres represented in the corpus The findings of the analysis of a range of specific phenomena including hypothetical speech writing and thought presentation embedded speech writing and thought presentation and ambiguities in speech writing and thought presentation Two case studies concentrating on specific texts from the corpus Corpus Stylistics shows how stylistics and text discourse analysis more generally can benefit from the use of a corpus methodology and the authors innovative approach results in a more reliable and comprehensive categorisation of the forms of speech writing and thought presentation than have been suggested so far This book is essential reading for linguists interested in the areas of stylistics and corpus linguistics **The Shape of Hebrew Poetry** Matthew Ian Ayars,2018-11-26 In The Shape of Hebrew Poetry Matthew Ayars explores foregrounding and structural cohesion as the dual discourse function of linguistic parallelism in biblical Hebrew poetry through a robust application of Russian Formalist Roman Jakobson s conceptulisation of linguistic parallelism to the Egpytian Hallel Psalm 113 118 Other hebraists and biblical Hebrew poetry specialists have long noted the importance of Jakobson s theory of

parallelism for poetic texts of the Hebrew Bible however Ayars is the first to offer an application of Jakobsonian based analysis to a poetic corpus of the Hebrew Bible **Conspiracy Theory Discourses** Massimiliano Demata,Virginia Zorzi,Angela Zottola,2022-11-15 Conspiracy Theory Discourses addresses a crucial phenomenon in the current political and communicative context conspiracy theories The social impact of conspiracy theories is wide ranging and their influence on the political life of many nations is increasing Conspiracy Theory Discourses bridges an important gap by bringing discourse based insights to existing knowledge about conspiracy theories which has so far developed in research areas other than Linguistics and Discourse Studies The chapters in this volume call attention to conspiracist discourses as deeply ingrained ways to interpret reality and construct social identities They are based on multiple partly overlapping analytical frameworks including Critical Discourse Analysis rhetoric metaphor studies multimodality and corpus based quali quantitative approaches These approaches are an entry point to further explore the environments which enable the proliferation of conspiracy theories and the paramount role of discourse in furthering conspiracist interpretations of reality **Speech, Writing, and Thought Presentation in 19th-Century Narrative Fiction** Beatrix Busse,2020-07-07 Reference to or quotation from someone s speech thoughts or writing is a key component of narrative These reports further a narrative make it more interesting natural and vivid ask the reader to engage with it and reflect historical cultural understandings of modes of discourse presentation To a large extent the way we perceive a story depends on the ways it presents discourse and along with it speech writing and thought In this book Beatrix Busse investigates speech writing and thought presentation in a corpus of 19th century narrative fiction including Frankenstein Jane Eyre Wuthering Heights Oliver Twist and many others At the intersection between corpus linguistics and stylistics this book develops a new corpus stylistic approach for systematically analyzing the different narrative strategies of discourse presentation in key pieces of 19th century narrative fiction Speech Writing and Thought Presentation in 19th Century Narrative Fiction identifies diachronic patterns as well as unique authorial styles and places them within their cultural historical context It also suggests ways for automatically identifying forms of discourse presentation and shows that the presentation of characters minds reflects an ideological as well as an epistemological concern about what cannot be reported portrayed or narrated Through insightful interdisciplinary analysis Busse demonstrates that discourse presentation fulfills the function of prospection and encapsulation marks narrative progression and shapes readers expectations *Journal of Greco-Roman Christianity and Judaism, Volume 20* Stanley E. Porter,Matthew Brook O'Donnell,Wendy J. Porter,2025-04-18 **Patterns in Language and Linguistics** Beatrix Busse,Ruth Moehlig-Falke,2019-12-16 Despite its importance for language and cognition the theoretical concept of pattern has received little attention in linguistics so far The articles in this volume demonstrate the multifariousness of linguistic patterns in lexicology corpus linguistics sociolinguistics text linguistics pragmatics construction grammar phonology and language acquisition and develop new perspectives on pattern as a linguistic concept *Genre Analysis and Corpus Design*
