Black & White Stephen Dorsey, 2025-09-19 The anticipated debut by a biracial community leader and citizen activist exploring his lived experience of systemic racism in North America and the paths forward My race duality has given me a unique perspective on both the Black and white experience in Canada What became most evident to me most universal was an important need for building bridges of understanding between Black and white Canadians A need to inform and educate so that hopefully in due time we can achieve real change As a bilingual biracial man straddling Black and white English and French Canada Stephen Dorsey lives in a world of dualities In his deeply personal and insightful debut he offers readers intimate and unfiltered access to his lived experience of anti Black racism around the world including Canada the United States and Europe focusing on his formative years growing up in 1970s Montreal as a Black child in a white family headed by a racist stepfather and details his personal awakening inspired by the Black Lives Matter movement A powerful blend of autobiography and social analysis *Black White* is an intimate excavation of systemic racism in North America from our health care and education systems to policing and law to a deep analysis of the uniquely intersectional discrimination faced by minorities in Dorsey s home province of Quebec With an inclusive and accessible approach aimed at community connection and education Dorsey delves deep into Canada s history of racial discrimination and by contrasting it with that of our American neighbours debunks our

nation's mythological narrative providing necessary context on white privilege which he calls white advantage and offers concrete pathways to lasting societal change Holding readers gently to account Black White is the book for the ally in all of us

landscape dominated by racially biased images of welfare queens and crack babies Killing the Black Body exposed America's systemic abuse of Black women's bodies From slave masters economic stake in bonded women's fertility to government programs that coerced thousands of poor Black women into being sterilized as late as the 1970s these abuses pointed to the degradation of Black motherhood and the exclusion of Black women's reproductive needs in mainstream feminist and civil rights agendas Compelling Deftly shows how distorted and racist constructions of black motherhood have affected politics law and policy in the United States Ms **The Pig Farmer's Daughter and Other Tales of American Justice** Mary Frances Berry, 2011-07-20 From the head of the U S Civil Rights Commission and noted professor of law and history at the University of Pennsylvania a groundbreaking book that examines both civil and criminal court cases from the Civil War to the present to reveal the impact of stereotyping race class gender on the American legal system The question Mary Frances Berry asks Whose story most strongly influences the making of legal decisions in the American justice system Using previously unexamined material from state appellate civil and criminal court cases cases of rape seduction and paternity disputes and cases dealing with murder inheritance and property disputes in which sexual relations are at the heart of the story Berry takes us through two centuries of American case law to show how attitudes toward gender race class and sexuality have materially affected and continue to affect judicial decision making Among the many cases Berry discusses Alabama 1867 A white woman sues her husband for divorce in both the lower and state supreme courts because of his sexual relationship with a former slave and is denied her petition on the basis that a sexual relationship between a white man and a black woman is of no consequence New York 1932 In a surprising victory the longtime mistress of a theater owner successfully contests her lover's will and proves her right to inherit a wife's portion of the estate Texas 1984 A suit by a woman against her female lover ends in a decision that allows the court to avoid acknowledging the existence of a lesbian relationship And in the 1990s we see the cases of William Kennedy Smith Mike Tyson and O J Simpson in a new context Moving stories shocking stories ironic stories tragic stories a book that fascinates in terms of its human drama by its demonstration of the ways in which prejudice affects justice and by its account of how the law has evolved or hasn't as our racial social and sexual attitudes have changed Reframing Todd Haynes Theresa L. Geller, Julia Leyda, 2022-02-07 For three decades award winning independent filmmaker Todd Haynes who emerged in the early 1990s as a foundational figure in New Queer Cinema has gained critical recognition for his outsider perspective Today Haynes is widely known for bringing women's stories to the screen Analyzing Haynes's films including Safe 1995 Velvet Goldmine 1998 Far from Heaven 2002 and Carol 2015 as well as his unauthorized Karen Carpenter biopic Superstar 1987 and the television miniseries Mildred Pierce 2011 the contributors to Reframing Todd Haynes reassess his work in light of his long standing feminist commitments and his exceptional career as a director of women's films They present multiple perspectives on Haynes's film and television work and on his role as an artist activist who draws on academic theorizations of gender and cinema The volume illustrates

the influence of feminist theory on Haynes's aesthetic vision most evident in his persistent interest in the political and formal possibilities afforded by the genre of the woman's film. The contributors contend that no consideration of Haynes's work can afford to ignore the crucial place of feminism within it. Contributors: Danielle Bouchard, Nick Davis, Jigna Desai, Mary R. Desjardins, Patrick Flanery, Theresa L. Geller, Rebecca M. Gordon, Jess Issacharoff, Lynne Joyrich, Bridget Kies, Julia Leyda, David E. Maynard, Noah A. Tsika, Patricia White, Sharon Willis. Short Stories of the Civil Rights Movement, Margaret Earley Whitt, 2006. During the civil rights era, masses of people marched in the streets, boycotted stores, and registered to vote. Others challenged racism in ways more solitary but no less life-changing. These twenty-three stories give a voice to the nameless ordinary citizens without whom the movement would have failed. From bloody melees at public lunch counters to anxious musings at the family dinner table, the diverse experiences depicted in this anthology make the civil rights movement as real and immediate as the best histories and memoirs. Each story focuses on a particular, sometimes private moment in the historic struggle for social justice in America. Events have a permanent effect on characters like the white girl in *Spring Is Now* who must sort through her feelings about the only black boy in her school or the black preacher in *The Convert* who tells a friend, "This thing of being a man, the Supreme Court can't make you a man. The NAACP can't do it. God Almighty can do a lot, but even He can't do it. Ain't nobody can do it but you." If a character survives and some do not, the event can become a turning point, a vision for a better world. The sections into which the stories are grouped parallel the news headlines of the day: School Desegregation 1954 on, Sit-ins 1960 on, Marches and Demonstrations 1963 on, and Acts of Violence. In the last section, Retrospective, characters look back on their personal involvement with the movement. Twenty writers, eleven black and nine white, are represented in the collection. Ten stories were written during the 1960s; that the others were written long after the movement's heyday suggests the potency of that time as a continuing source of creative inspiration.
