Liaison Committee, Association of
Ambulance Chief Executives**

Oxford Handbook Of General Practice 4th Edition:

Oxford Handbook of General Practice Chantal Simon, Hazel Everitt, Françoise van Dorp, Nazia Hussain, Emma Nash, Danielle Peet, 2020-06-16 The well loved Oxford Handbook of General Practice is a lifeline for busy GPs, medical students and healthcare professionals. With hands-on advice from experienced practitioners, this essential handbook covers the entire breadth and depth of general practice in small sections that can be located, read and digested in seconds. Now in its fifth edition, the Handbook has been fully revised to reflect the major new developments shaping general practice today. Fully updated with the latest guidelines and protocols, this edition offers even more full-colour diagrams and tables and colour-coded chapters on general practice (green), clinical topics (purple) and emergencies (red). Covering the whole of general practice from practice management to hands-on advice dealing with acute medical emergencies, this comprehensive rapid-reference text will ensure that everything you need to know is only a fingertip away.

Oxford Handbook of Clinical Specialties
Andrew Baldwin, 2020-09-14 For over thirty years the Oxford Handbook of Clinical Specialties has guided students and junior doctors through their clinical placements, renowned for providing all the information needed for both practice and revision in a deceptively small package. Now in its eleventh edition, the Handbook has been revitalized by an expanded team of specialty experts and junior doctors to guide readers through each of the specialties encountered through medical school and Foundation Programme rotations while remaining true to the humanity and patient focus of the original edition. Updated with the latest advice and clinical guidelines, packed full of high-quality illustrations, boxes, tables and classifications, and with a brand new chapter on how to survive your junior doctor years and beyond, this handbook is ideal for both study and use at the point of care. Each chapter is clear and concise and filled with medical gems, with features including ribbons to mark your most used pages and mnemonics to help you memorize and retain key facts. With reassuring and friendly advice throughout, this is the ultimate guide and revision tool for every medical student and junior doctor for each clinical specialty placement. This well-loved Handbook remains the perfect companion to the Oxford Handbook of Clinical Medicine, together encompassing the entire spectrum of clinical medicine and unmatched by any competitor in their class, helping you become the doctor you want to be.

Oxford Handbook of General Practice 4e and Oxford Handbook of Public Health Practice 3e
GP the Orchard Surgery, Christchurch and MRC Health Service Research Fellow, Department of Primary Medical Care, Chantal Simon, Clinical Lecturer, Hazel Everitt, General Practitioner, Françoise Van Dorp, GP Registrar, Matthew Burke, 2015-12 Two titles from the bestselling Oxford Handbook series are available together in this great value pack. Fully revised to reflect the new changes to the GP contract and the GP curriculum, this fourth edition of the best-selling Oxford Handbook of General Practice is a practical guide to all aspects of general practice, from vital clinical information to valuable practical guidance from experienced GPs. This is the essential guide for all those working in general practice. Comprehensively covering everything a doctor needs to work in or manage a GP practice, this handbook ensures readers are

always up to date with the latest guidelines the most recent protocols and cutting edge clinical information With concise bullet point information the chapters are now colour coded to ensure the reader can find vital emergency or clinical information without delay Fully illustrated and packed with even more figures diagrams management boxes and tables to improve ease of reference the reader will always have the vital information they need at their fingertips Fully revised and updated for the third edition the Oxford Handbook of Public Health Practice remains the first resort for all those working in this broad field Structured to assist with practical tasks translating evidence into policy and providing concise summaries and real world issues from across the globe this literally provides a world of experience at your fingertips Easy to use concise and practical it is structured into seven parts that focus on the vital areas of assessment data and information direct action policy health care systems personal effectiveness and organisational development Reflecting recent advances the most promising developments in practical public health are presented as well as maintaining essential summaries of core disciplines This handbook is designed to assist students and practitioners around the world for improved management of disasters epidemics health behaviour acute and chronic disease prevention community and government action environmental health vulnerable populations and more
