As machine learning and knowledge discovery are two highly related fields, the co-location of both conferences is beneficial for both research communities. In Cavtat, ECML and PKDD were co-located for the third time in a row following the successful co-location of the two European conferences in Freiburg 2001 and Helsinki 2002. The co-location of ECML2003 and PKDD2003 resulted in a joint program for the two conferences including paper presentations, invited talks, tutorials, and workshops. Out of 332 submitted papers, 40 were accepted for publication in the ECML2003 proceedings and 40 were accepted for publication in the PKDD2003 proceedings. All the submitted papers were reviewed by three referees. In addition to submitted papers, the conference program consisted of four invited talks, four tutorials, seven workshops, two tutorials combined with a workshop, and a discovery challenge.
