team that finally ended Manchester United's dominance. But as he approached the autumn of his career, Thierry's crown began to slip from the infamous Hand of Gaul incident to a dismal World Cup 2010 campaign. Suddenly a player who Arsene Wenger once dubbed the greatest striker ever, a man who had spent his career at the very top of the game began to learn how lonely such a position could be. Drawing from numerous interviews and impeccable sources as well as his own observations over the course of Henry's entire career, award-winning author Philippe Auclair has produced the most complete portrait of the Arsenal hero ever to be written. Clear-eyed, lyrical, and passionately argued, *Thierry Henry: Lonely at the Top* is as raw, shocking, and thought-provoking as it is celebratory of Henry's outstanding flair and talent. [The Sociology of Intellectual Life](#) Steve Fuller, 2009-08-18 The Sociology of Intellectual Life outlines a social theory of knowledge for the 21st century. With characteristic subtlety and verve, Steve Fuller deals directly with a world in which it is no longer taken for granted that universities and academics are the best places and people to embody the life of the mind. While Fuller defends academic privilege, he takes very seriously the historic divergences between academics and intellectuals, attending especially to the different features of knowledge production that they value. The book's features include an account of the problematic relationship between postmodernism and the university as an institution, the problems facing an academic who wishes also to function as an intellectual, a critical survey of the emerging fields of social epistemology and the sociology of philosophy, a discussion of the ethics and politics of public intellectual life, especially given its largely improvisational or, as Fuller himself terms it, bullshit character. [Good Schools Guide](#) Lucas Publications, 2003-06-02 **Rhinegold Guide to Music Education**, 2006 [Biographical Memoirs of Fellows, I](#) Thompson, 2003-01-16 Volume 115 of the Proceedings of the British Academy contains 20 obituaries of recently deceased Fellows of the British Academy and an essay on James Bryce, President of the Academy, 1913-1917. Memoirs of Fellows have previously been published in the same annual Proceedings volume as that containing the British Academy's Lectures. The Biographical Memoirs are henceforth to be published in a volume of their own within the Proceedings sequence. [Cultural Studies - Vol. 12.4](#) Ted Striphas, 2012-11-12 This special issue looks at the increasing presence of Cultural Studies as a discipline within academia. The debate about its relevance still rages and is commented on in these pages. Also includes tips on publishing for academics and a guide to Cultural Studies institutional presence. A must for all students and graduates in the field. [The Beginnings of University English](#) A. Lawrie, 2014-01-02 Drawing on previously unseen archival material, *The Beginnings of University English* explores the innovative and scholarly ways in which English literature was taught to extramural students in England during the fin de siècle and sheds new light on the modern roots of tertiary-level English teaching.
