Exaggerated Claims? David Walker, 2015-11-30 David Walker's analysis is incisive and hard hitting Anyone who believes in the power of social science to inform better policy making should take his criticisms seriously Sue Duncan Former Chief Government Social Researcher and Head of the Government Social Research Service David Walker has written an unofficial summary of ESRC's achievements and struggles He brings to the task long experience of the organisation and of the key players a great familiarity with the literature and a sceptical nature The result is stimulating instructive contentious and sometimes even infuriating David Rhind Chair of the Nuffield Foundation What is the role of the state in distributing research money How do arm's length funding agencies relate to public policy and business This original study looks at the main social science funding agency in the UK which was established 50 years ago It examines how funding decisions are related to power The critical and policy aspects of successful research bids are discussed Walker asks the tricky question why has social science research not achieved a more salient role in state policy formation and management strategy is the funding agency responsible Insightful engrossing and highly original the book will be required reading for anyone who has written or will write a Social Science research bid and more widely for students of power knowledge and culture

Chinese Visions of Progress, 1895 to 1949 Thomas Fröhlich, Axel Schneider, 2020-05-11 Chinese Visions of Progress 1895 to 1949 offers a panoramic view of reflections on progress in modern China Since the turn of the twentieth century the discourses on

progress shape Chinese understandings of modernity and its pitfalls As this in depth study shows these discourses play a pivotal role in the fields of politics society culture as well as philosophy history and literature It is therefore no exaggeration to say that the Chinese ideas of progress their often highly optimistic implications but also the criticism of modernity they offered opened the gateway for reflections on China s past its position in the present world and its future course *First*

Expressions Steve Taylor,2019-12-30 Seeking insight from the real life development of the earliest expressions of emerging church from their birth through times of adolescent angst and into the reality of adulthood this book offers a unique insight into the long term sustainability of fresh expressions

If All the World Were Paper Tyler W. Williams,2024-10-01 How do writing and literacy reshape the ways a language and its literature are imagined If All the World Were Paper explores this question in the context of Hindi the most widely spoken language in Southern Asia and the fourth most widely spoken language in the world today Emerging onto the literary scene of India in the mid fourteenth century the vernacular of Hindi quickly acquired a place alongside classical languages like Sanskrit and Persian as a medium of literature and scholarship The material and social processes through which it came to be written down and the particular form that it took as illustrated storybooks loose leaf textbooks personal notebooks and holy scriptures played a critical role in establishing Hindi as a language capable of transmitting poetry erudition and even revelation If All the World Were Paper combines close readings of literary and scholastic works with an examination of hundreds of handwritten books from precolonial India to tell the story of Hindi literature s development and reveal the relationships among ideologies of writing material practices and literary genres Tyler W Williams forcefully argues for a new approach to the literary archive demonstrating how the ways books were inscribed organized and used can tell us as much about their meaning and significance as the texts within them This book sets out a novel program for engaging with the archive of Hindi and of South Asian languages more broadly at a moment when much of that archive faces existential threats

Tourism and Citizenship Raoul Bianchi,Marcus Stephenson,2014-02-24 More than sixty years since the 1948 Universal Declaration of Human Rights first enshrined the right to freedom of movement in an international charter of human rights the issue of mobility and the right to tourism itself have become increasingly significant areas of scholarly interest and political debate However despite the fact that cross border travel implies certain citizenship rights as well as the material capacity to travel the manifold intersections between tourism and citizenship have not received the attention they deserve in the literature This book endeavours to fill this gap by being the first to fully examine the role of tourism in wider society through a critically informed sociological

reflection on the unfolding relationships between international tourism and distinct renderings of citizenship with particular emphasis on the ideological and political alignments between the freedom of movement and the right to travel The text weaves its analysis of citizenship and travel in the context of addressing large scale societal transformations engendered by globalization neoliberalism and the geopolitical realignments between states as well as comprehending the internal reconfiguring of the relationship between citizens and states themselves By doing so it focuses on key themes including tourism and social citizenship rights race culture and minority rights states markets and the freedom of movement tourism peace and geo politics consumerism and class and ethical tourism global citizenship and cosmopolitanism The book concludes that the advancement of genuinely democratic and just forms of tourism must be commensurate with demands for distributive justice and a democratic politics of mobility encompassing all of humanity This timely and significant contribution to the sociology and politics of international tourism through the lens of citizenship is a must read for students and scholars in both in the fields of tourism and social science The royalties received from this book will be donated to the International Porter Protection Group

EU Constitutional Law Allan Rosas, Lorna Armati, 2012-08-03 The second revised edition of this acclaimed book brings the story of the EU's constitutional journey up to date The EU's constitution composed of a myriad of legal texts case law and practice is a moving target subject to continuous change and the past two years have seen no slacking in the pace of that change With a wider geographical ambit than ever the EU faces unprecedented political economic and cultural challenges all of which impact upon the evolution of its constitution Moreover the crisis in the Eurozone has given rise to the need for a whole new chapter focussing on the institutional reforms embarked upon in the quest to restore financial order The book succeeds where others have struggled in making sense of the EU's complex constitutional order focussing on its essential features but taking into account the profound changes that have taken place over the past 20 years The EU has become much more than an internal economic market and has recently become active in areas such as immigration and third country nationals security and defence policy and penal law and procedure while the crisis in the Eurozone has triggered an increasing focus on economic and fiscal policy Eschewing too much detail the authors underline the essential values principles and objectives of the integration regime as well as its basic normative structure and hierarchy In this context the decentralised nature of the EU is highlighted as an integral part of its constitutional make up Recurring themes include European citizenship fundamental rights and the rule of law The book also confronts head on the problems and challenges facing the Union and the gap which is often perceived between lofty ideals and harsh realities The book will be useful to students of EU law and European integration but will also appeal to a broader audience of researchers and practitioners including political scientists

The Oxford Handbook of Citizenship Ayelet Shachar, Rainer Bauboeck, Irene Bloemraad, Maarten Vink, 2017-08-03 Contrary to predictions that it would become increasingly redundant in a globalizing world citizenship is back with a vengeance The Oxford Handbook of Citizenship brings together leading experts

in law philosophy political science economics sociology and geography to provide a multidisciplinary comparative discussion of different dimensions of citizenship as legal status and political membership as rights and obligations as identity and belonging as civic virtues and practices of engagement and as a discourse of political and social equality or responsibility for a common good The contributors engage with some of the oldest normative and substantive quandaries in the literature dilemmas that have renewed salience in today's political climate As well as setting an agenda for future theoretical and empirical explorations this Handbook explores the state of citizenship today in an accessible and engaging manner that will appeal to a wide academic and non academic audience Chapters highlight variations in citizenship regimes practiced in different countries from immigrant states to non western contexts from settler societies to newly independent states attentive to both migrants and those who never cross an international border Topics include the selling of citizenship multilevel citizenship in between statuses citizenship laws post colonial citizenship the impact of technological change on citizenship and other cutting edge issues This Handbook is the major reference work for those engaged with citizenship from a legal political and cultural perspective Written by the most knowledgeable senior and emerging scholars in their fields this comprehensive volume offers state of the art analyses of the main challenges and prospects of citizenship in today's world of increased migration and globalization Special emphasis is put on the question of whether inclusive and egalitarian citizenship can provide political legitimacy in a turbulent world of exploding social inequality and resurgent populism **Selling Social**

Media Daniel Faltesek, 2018-05-17 Facebook Twitter Snapchat YouTube LinkedIn and dozens of other services have been described as the vanguard of creative destruction across the media industries disruptors of established business heroes of a new economic narrative that supposes that the attention of individual users can be measured managed manipulated backing methods that securitized patented and litigated attention in ways impossible before Selling Social Media catalogues the key terms and discourses of the rise of social media firms with a particular emphasis on monetization securitization disruption and litigation Tensions between ideas and terms are critical as the ways that different aspects of social media business are described change depending on the audience scale and maturity of the firm These divergent discourses are bound together into a single story of social media an industry that challenges the theories and descriptions of media that have come before Through a reading of social media business this book offers a chance to revisit media theory in the context of a new social media companies and products that depend on a different understanding of media audiences media industries and public agency *Philosophy of Communication* Giacomo Turbanti, 2023-01-27 By comprehensively exploring the theoretical questions raised by professional communication this book provides an introduction to the philosophy of communication Key Features Arranged in three parts encompassing the theory of communication conflict transformation and the role communication plays within organizations Examines how agreement is reached through communication how such agreement is negotiated between different perspectives and how such negotiation produces our organizations Includes a full range of

Black Movement Jeffrey O. G. Ogbar,2025-04-15 The Great Migration of African Americans from the South to northern and western cities between 1915 and 1970 fundamentally altered the political social and cultural landscapes of major urban centers like New York Chicago Philadelphia and Detroit and changed the country as well By the late twentieth century Black people were mayors police chiefs and school superintendents often at parity and sometimes overrepresented in municipal jobs in these and other cities which were also hubs for Black literature music film and politics Since the 1970s migration patterns have significantly shifted away from the major sites of the Great Migration where some iconic Black communities have been replaced by mostly non Black residents Although many books have examined Black urban experiences in America this is the first written by historians focusing on the post Great Migration era It is centered on numerous facets of Black life including popular culture policing suburbanization and political organizing across multiple cities In this landmark volume Jeffrey O G Ogbar and his contributors explore the last half century of African American urban history covering a landscape transformed since the end of the Great Migration and demonstrating how cities remain dynamic into the twenty first century Contributors are Stefan M Bradley Scot Brown Tatiana M F Cruz Tom Adam Davies LaShawn Harris Maurice J Hobson Shannon King Melanie D Newport Jeffrey O G Ogbar Brian Purnell J T Roane Chanelle Rose Benjamin H Saracco and Fiona Vernal

Agency and Ownership in Reconciliation Caitlin Mollica,2024-04-01 The importance of youth s substantive participation for the realization of inclusive reconciliation practices has rarely been acknowledged Agency and Ownership in Reconciliation provides a comprehensive nuanced and empirical account of the contribution of young people s voices to the success of transitional justice and peacebuilding practices Caitlin Mollica illustrates the role of political will and agency in the development of transitional justice mechanisms that are substantively inclusive of those traditionally marginalized by post conflict institutions most notably youth In doing so she highlights the importance of youth to lasting peace and meaningful justice She does so by looking specifically at how truth and reconciliation commissions from South Africa to the Solomon Islands engage with the voices of youth and the meanings youth self ascribe to their experiences during truth and

reconciliation commission processes In a field which traditionally prioritizes stories about youth Agency and Ownership in Reconciliation looks to center stories by youth Political Economy of Financialization in the United States Kurt Mettenheim,2021-09-22 Combining balance sheet analysis with historical institutional analysis this book traces the evolution of social sector financial balance sheets in the US from 1960 to 2018 This innovative historical institutional approach ranging from the micro level of households to the macro level of the federal government reveals that the displacement of households by banks has been a long term process This gradual compounding of financialization is at odds with widely accepted views about financialization contemporary banking theory financial intermediation theory and post Keynesian and endogenous money approaches The book returns to time tested traditional principles of banking and taps unexpected affinities about market failures in transaction cost economics financial intermediation theory and core ideas in classic modern political and social economy about economic moralities and social reactions of self defense against unfettered markets This book provides an alternative explanation for the rise of finance and new ways to think about averting financialization and its devastating consequences This book marks a significant contribution to the literature on financialization social economics banking and the American political economy *The Bishop and the Apostle* Edwina Murphy,2018-09-24 This study examines how Cyprian of Carthage the most significant bishop in the early Latin tradition appropriates the canonical Paul Cyprian like Paul is a pastoral theologian so his pastoral concerns provide a helpful lens through which to study his use of the apostle These include divine truth and eternal glory the church s unity ministry and sacraments discipline and repentance and wealth and welfare Examining Cyprian s use of Paul in these areas allows us to move beyond a simple literal allegorical paradigm to appreciate the wide range of reading strategies used by Cyprian model image maxim title contextual exegesis direct application prophetic fulfilment and qualification It also provides a different perspective on Paul than the one arrived at by privileging a handful of texts This study of Cyprian s appropriation of Pauline texts therefore illuminates the interplay between text context and theology in his exegesis It also deepens our understanding of the early North African hermeneutical tradition and the early reception of Paul Augustine and Frontiers of Pluralism Boleslaw Z. Kabala,Thomas P. Harmon,Ashleen Menchaca-Bagnulo,2025-05-14 This book focuses on St Augustine as a worthwhile resource for thinking through the challenges and prospects of pluralism The contributors speak to several dimensions of this organizing concept understanding of which is advanced by engagement with Augustine The volume brings together scholars from different disciplines faith traditions and political commitments all of whom have deemed it worthwhile to return to Augustine to learn about a signature theme of common life in the twenty first century The chapters address a variety of topics including civic engagement feminism Black religious thought domination liberalism and time In an age of pluralism the hope is to access the insights of the thinker who struggled with a plurality of desires motivations and political theological imaginations and to benefit from his thoughts The book will be of particular interest to scholars of theology philosophy and political science

Political Parties, Business Groups, and Corruption in Developing Countries Vineeta Yadav, 2011-04-13 Political corruption is one of the globe's most pressing yet seemingly permanent problems. It is a root cause of low growth and inequality and plagues numerous nations throughout the world in varying degrees. In *Political Parties, Business Groups, and Corruption in Developing Countries*, Vineeta Yadav tackles the puzzle of corruption by analyzing the role that business lobbying plays in it. She shows that the structure of a developing nation's legislative institutions frequently determines whether such institutions promote or restrain corruption. Combining focused studies of legislative institutions and business groups in India and Brazil with a broader survey of corruption in sixty-four developing democracies, Yadav shows how systems with powerful parties rather than ones with powerful individual legislators encourage the most corruption. A rigorous comparative examination of the connections between political institutions, lobbying, and corruption, this work will reshape our understanding of how developing country democracies can both discourage and encourage bribery, vote buying, and influence peddling.

Democracy Assistance Bypassing Governments in Recipient Countries Paulina Pospieszna, 2018-07-18 This book addresses important and under-researched issues such as the role of young people in democratization processes, the role of new democracies in sharing their transition experience, and the effectiveness of aid. A major theme of the book is democracy assistance efforts by the NGOs from Central and Eastern Europe to support young people in Eastern Europe, the Western Balkans, and Central Asia. It examines this theme in a comparative perspective and with a deeper analysis of reasons and ways to support young people, the need to support them, and the effectiveness of these efforts. Bringing together a wide range of material on democracy assistance of Central and Eastern European countries that includes surveying the providers and beneficiaries of aid and looking for better methods of impact evaluation, the book advances a framework for assessing democracy assistance efforts. It concludes with implications of the impact of democracy assistance on young people and democracy diffusion from Central and Eastern European democracies to other countries. This text will be of key interest to scholars and students of democracy, democratization, Central and Eastern Europe, Post-Soviet studies, and European and Comparative Politics, as well as for practitioners, donors, NGOs who want to know what works best and why and when in aid provision.

The Autisms Mary Coleman, Christopher Gillberg, 2011-12-16 *The Autisms*, written by Mary Coleman and Christopher Gillberg, demonstrates that autism, like mental retardation, is a clinical presentation of numerous different diseases, many with genomic underpinnings. In this ground-breaking work, the authors explain in great detail how to clinically diagnose infants, children, adolescents, and adults with autistic behavioral features and their psychiatric and neurological work-ups. This new edition contains several chapters on the associated problems of autism, such as intellectual disability, epilepsy, tics, eating disorders, and sleep problems, as well as a chapter on epidemiology that documents the historical increase in autism diagnoses. Several chapters summarize the latest data on neuroanatomy, biochemistry, and neuropsychology, while three neurogenomics chapters show evidence suggesting that autism occurs due to genetic errors which cause interruption

or misdirection of critical neurodevelopmental circuits in the fetal brain Completely up to date The Autisms is relevant and necessary reading for researchers and clinicians in neuroscience neurology pediatrics psychiatry and psychology
