submissions from pioneering researchers scientists industrial engineers and students from all over the world After a double blind peer review process 173 submissions including 6 poster papers have been selected to be included in these proceedings FTC 2018 successfully brought together technology geniuses in one venue to not only present breakthrough research in future technologies but to also promote practicality and applications and an intra and inter field exchange of ideas In the future computing technologies will play a very important role in the convergence of computing communication and all other computational sciences and applications And as a result it will also influence the future of science engineering industry business law politics culture and medicine Providing state of the art intelligent methods and techniques for solving real world problems as well as a vision of the future research this book is a valuable resource for all those interested in this area

The Internet in Everything Laura DeNardis,2020-01-07 A compelling argument that the Internet of things threatens human rights and security and that suggests policy prescriptions to protect our future The Internet has leapt from human facing display screens into the material objects all around us In this so called Internet of Things connecting everything from cars to cardiac monitors to home appliances there is no longer a meaningful distinction between physical and virtual worlds Everything is connected The social and economic benefits are tremendous but there is a downside an outage in cyberspace can result not only in a loss of communication but also potentially a loss of life Control of this infrastructure has become a proxy for political power since countries can easily reach across borders to disrupt real world systems Laura DeNardis argues that this diffusion of the Internet into the physical world radically escalates governance concerns around privacy discrimination human safety democracy and national security and she offers new cyber policy solutions In her discussion she makes visible the sinews of power already embedded in our technology and explores how hidden technical governance arrangements will become the constitution of our future ICCWS 2021 16th International Conference on Cyber Warfare

and Security Dr Juan Lopez Jr,Dr Kalyan Perumalla,Dr Ambareen Siraj,2021-02-25 These proceedings represent the work of contributors to the 16th International Conference on Cyber Warfare and Security ICCWS 2021 hosted by joint collaboration of Tennessee Tech Cybersecurity Education Research and Outreach Center CEROC Computer Science department and the Oak Ridge National Laboratory Tennessee on 25 26 February 2021 The Conference Co Chairs are Dr Juan Lopez Jr Oak Ridge National Laboratory Tennessee and Dr Ambareen Siraj Tennessee Tech s Cybersecurity Education Research and Outreach Center CEROC and the Program Chair is Dr Kalyan Perumalla from Oak Ridge National Laboratory Tennessee

Intelligent Systems and Applications Yaxin Bi,Rahul Bhatia,Supriya Kapoor,2019-08-23 The book presents a remarkable collection of chapters covering a wide range of topics in the areas of intelligent systems and artificial intelligence and their real world applications It gathers the proceedings of the Intelligent Systems Conference 2019 which attracted a total of 546 submissions from pioneering researchers scientists industrial engineers and students from all around the world These submissions underwent a double blind peer review process after which 190 were selected for inclusion in these proceedings

As intelligent systems continue to replace and sometimes outperform human intelligence in decision making processes they have made it possible to tackle a host of problems more effectively This branching out of computational intelligence in several directions and use of intelligent systems in everyday applications have created the need for an international conference as a venue for reporting on the latest innovations and trends This book collects both theory and application based chapters on virtually all aspects of artificial intelligence presenting state of the art intelligent methods and techniques for solving real world problems along with a vision for future research it represents a unique and valuable asset

The Convenience Revolution Shep Hyken, 2018-10-02 Convenience is King When you make it easier for customers to do business with you they will reward you with their money their loyalty and their referrals There s a reason they call it a convenience store because it s convenient When you have to pick up a gallon of milk would you rather stop by a large supermarket or a 7 Eleven Customers who shop at convenience stores know the selection is smaller and the prices are often higher yet they still come in droves because of the ease of purchase What about the minibar in your hotel room That s convenient too but the convenience comes at a cost Did you ever stop to think that the same 5 00 can of Coca Cola in the hotel s mini fridge can be bought down the hall from the vending machine for just 1 25 Yet even with that can of Coke being four times more expensive hotels are restocking minibars every day Customers will pay for convenience And they ll choose to do more business over time with the people and companies that make their lives more convenient Whether you re trying to out service a competitor or disrupt an entire industry creating less friction and being more convenient for your customers should be your strategy When you raise the convenience bar you create the next level of amazing customer experience This book shows you how to leverage convenience as a powerful way to differentiate yourself from your competition You ll learn six compelling strategies supported by numerous examples and case studies that will fuel your plan to create a focus on convenience for your customers The value proposition is both simple and profound when you reduce friction and make it easier for customers to do business with you they ll reward you with their money their loyalty and their referrals That s the advantage of being a part of The Convenience Revolution
