Equity and Trusts Alastair Hudson, 2016-07-15 Alastair Hudson's *Equity and Trusts* is an ideal textbook for undergraduate courses on the law of trusts and equitable remedies. It provides a clear, current and comprehensive account of the subject. The author's enthusiasm and expertise shine through, helping to bring to life an area of the law which students often find challenging. This Ninth Edition has been extensively re-written but remains the same book in spirit as it has always been. It contains an analysis of the important decisions of the Supreme Court in *FHR European Ventures v Cedar Capital*, *Jones v Kernott* and *Williams v Central Bank of Nigeria* and the important decisions in *Charity Commission v Framjee Rawstron*, *v Freud Patel*, *v Mirza*, *Federal Republic of Brazil v Durant*, *Hodkin Novoship v Mihaylyuk*, *National Crime Agency v Robb*, *St Andrews Cheam Lawn Tennis Club*, the after-effects of the Lehman Brothers collapse and analysis of many other new cases. Besides *Equity and Trusts*, it remains the most comprehensive and up-to-date coverage of the law of *Equity and Trusts* while still a lively and thoughtful account of the issues raised by it. This book has been cited as being authoritative in the courts of numerous countries. The ninth edition is supported by the author's website at www.alastairhudson.com with brand new resources including short podcasts discussing and clarifying key topics from within the book which cover an entire course, complete lecture recordings made specifically to accompany this book, New video documentaries bringing to life selected key topics, A host of other online materials and study guides new for 2016. Review of a previous edition: One of the book's great strengths is its clear exposition of some very difficult areas of the law, moving seamlessly from points that puzzle students to points that puzzle practitioners. Other strengths are the breadth of its approach, the fact that it is extremely up to date, the freshness and vividness of its approach and its willingness to place equity in a wider context. The student will enjoy a clear, lively and challenging account of the subject matter. The practitioner will find the book well worth consulting for its clear exposition of the basic principles and of their application in difficult areas. *New Law Journal* [Index-catalogue of the Law Library of the Supreme Court of Ohio](#), May 1, 1914. Errington, 2015-02-26 As someone who respects comprehensive research, I am in awe of the level of detail and amount of time Philip Errington has dedicated to this slavishly thorough and somewhat mind-boggling bibliography. J. K. Rowling. This is the definitive bibliography of the writings of J. K. Rowling. In addition to complete bibliographic details of each edition of all her books, pamphlets and original contributions to published works, there is detailed information on the publishing history of her work, including fascinating extracts from correspondence and information on Rowling at auction. This will be the first source on Rowling consulted by textual scholars, book dealers and collectors, auction houses, critics and researchers. The aim of the book is to record fact and dispel rumour on the fascinating publishing history of the Harry Potter series. **Publishers' Circular and Booksellers' Record of British and Foreign Literature**, 1905.
