True Fing Stories Volume English Edition:

The Southern Version of Cursor Mundi, Vol. V Laurence M. Eldredge, Anne L. Klinck, 2000-05-03 The medieval poem *Cursor Mundi* is a biblical verse account of the history of the world offering a chronological overview of salvation history from Creation to Doomsday Originating in northern England around the year 1300 the poem was frequently copied in the north before appearing in a southern version in substantially altered form Although it is a storehouse of popular medieval biblical lore and a fascinating study in the eclectic use of more than a dozen sources the poem has until now attracted little scholarly attention This five part collaborative edition presents the Arundel version of the poem with variants from three others In addition it provides a discussion of sources and analogues detailed explanatory notes and a bibliography Published in English
